## A Message From The Principal...

As the school year draws to a close, again it is time to reflect on the many interesting and exciting events that we have shared with you at Glenlawn. We have appreciated the many talents, and skills that you have developed through your learning experience.

We hope that our graduates will use these special talents in social, academic, athletic and artistic areas to challenge the 90's with confidence.

You are the products of the public school system and you are on the brink of discovery again. As you leave Glenlawn you will leave searching for the opportunities that present themselves. Opportunities to continue to open your minds, opportunities to expand your perspectives, and opportunities to exchange and develop new ideas and appreciations.

We hope that the many opportunities that are available to you can be recognized and realized through the skills, knowledge and above all the confidence that you have acquired as a student at Glenlawn Collegiate.

We are proud of our graduates and wish them well as they face their journey of discovery.

Brian Thorarinson  
Principal

Once again a "message" is required for the yearbook. This is unquestionably one tradition (there may be others) that should be abandoned forthwith, in the putting together of a student yearbook.

What student in control of his or her senses would want to read a "message" from a vice-principal? They've either read it all before, or they have no wish to read it in the first place.

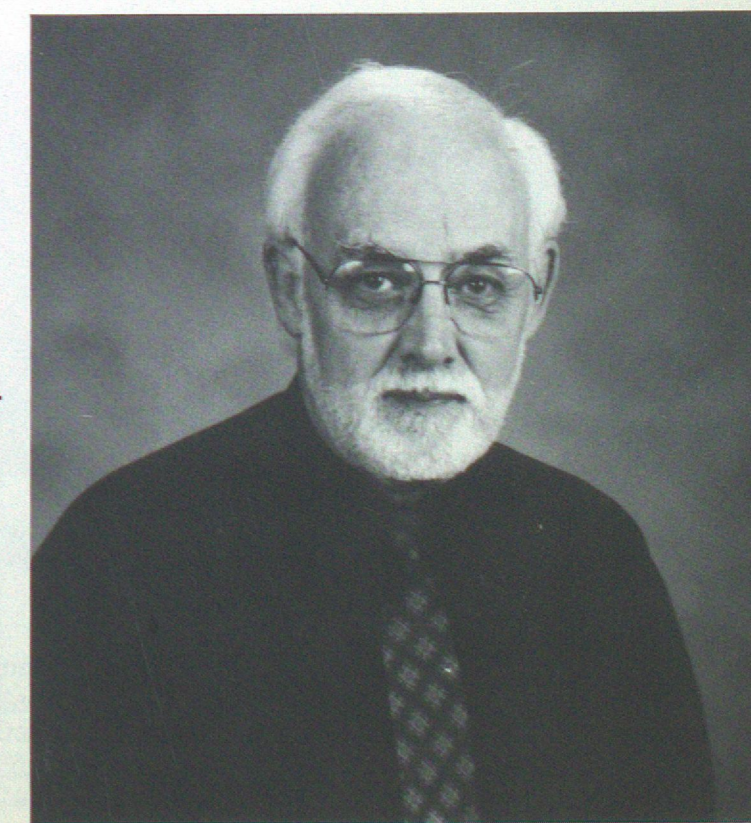

But, just in case there is one young person who actually doesn't quickly pass by this page, I'll simply say that the Glenlawn staff sincerely hopes that the past year has been rewarding to you as an individual, and that whatever you set out to achieve has been accomplished. For us in the office the pace has been hectic (as I'm sure it has been for you) but satisfying as well.

Al Thomson  
Vice-Principal

Graduates, it has been great working with you and getting to know you over the past three or four years. My best to you in your future endeavours. Remember your friends and school days as you move onto another phase of your life. Good luck in your future and a fond farewell.

Undergraduates, I'll see you next year for more hard work, fun and fond memories. It's been a great year!

Donna Bulow  
Vice-Principal

GRADE 10 CHEER

(everyone) Get Ready Get Ready  
Cause here we come

Get ready cause here we come  
Get ready. We're number one.

(girls) Grade 10's are starting something now

(everyone) Get Ready Get Ready

(boys) We're gonna bring spirit too!

Hip Hop Hooray Starts Then Everyone Sings To It.

Repeat...

GRADE 11 CHEER

The Glenlawn Hillbillies:

Listen to our story 'bout a week of spirit,  
If we yell loud enough we know you'll hear it.  
The first in our story is a class of freshmen,  
they're the brand-new babies in our Lion's Den

-10's that is --- Fresh Spirit

Next on our list are the Grads of '93,  
They think they've got the title under lock and key.  
We've seen them at their best and we've seen  
them at their worst,  
They're the veterans of the war and they're  
shooting for 1st

-12's that is --- confident and experienced.

Now here's our chance to tell our tale,  
Our Pride and our Roar is the wind in our sail.  
We help each other travel on the path to victory,  
We've risen to the top, we're the best we can be.

-11's that is --- The best of both world's.

The moral of the story is our spirits are the same.  
11, 12, or 10 -- Arthur can't be tamed.  
This ends the chapter with our final chorus  
Other schools couldn't hold a candle to us!

-Glenlawn that is --- Supreme Spirit, ---The Lions  
Roar.

Grannie: "And that makes us say!..."

WE GOT SPIRIT, YEAH, YEAH, YEAH, ETC.

GRADE 12 CHEER

(Sung to the tune of the Muppet Show Theme)

Musical intro. (the band)

(all) We've got it all together  
The crown is all but won  
It's time to show our spirit,  
'Cause our work is almost done.  
(bum bum bum bum) (Just the tuba, gang!)

(all) It's time to end the music  
It's time to kill the lights  
(girls) It's time to say goodbye  
(boys) Why don't we say goodbye  
(all) It's time to say goodbye  
to the most sensational,  
educational, graduational,  
Glenlawnational

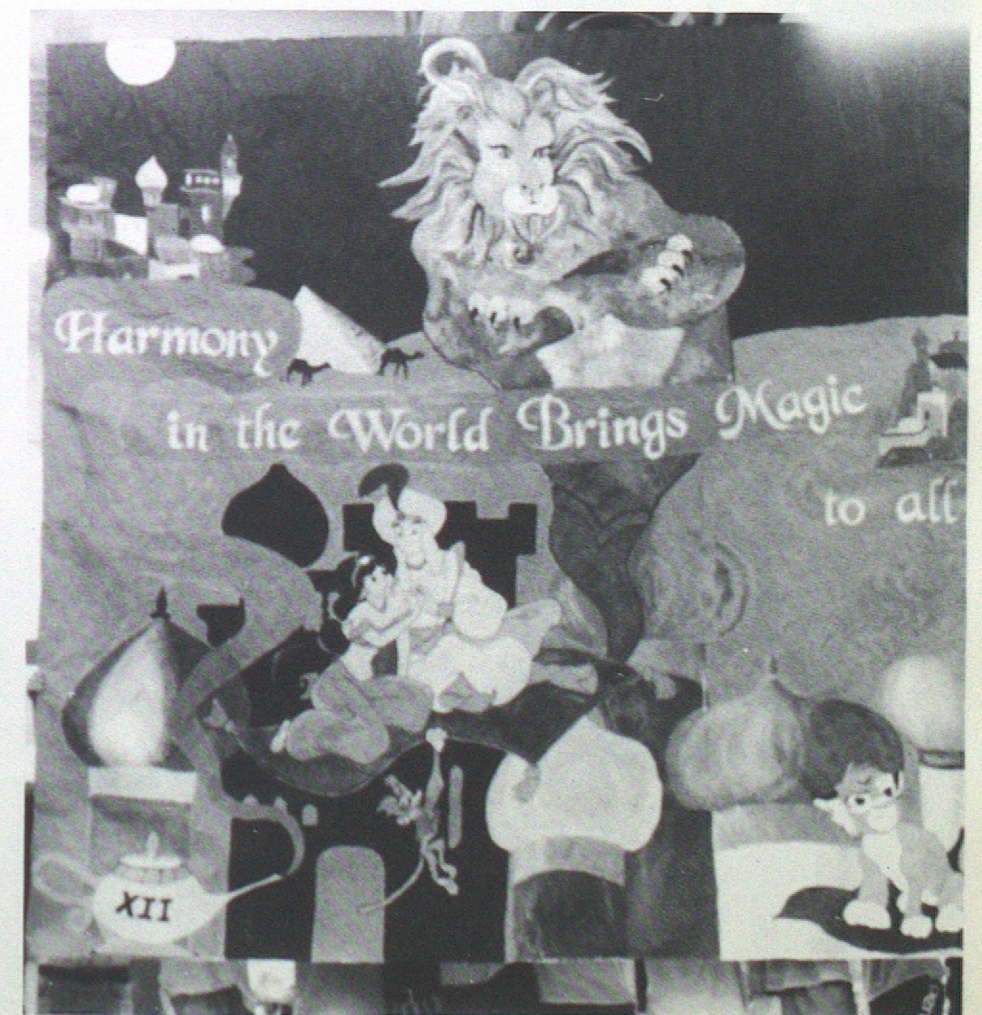

(all) We'd like to give our thanks to  
Grade 10's for all they've done  
E lev ens tried to hard  
But the twelves are number one!  
(bum bum bum bum)

This is what we call our Grade 12  
Cheer!!!

(all) We'd like to thank the teachers  
We'd like to have some fun,  
We'd hate to be poor losers  
So good luck to everyone!

# Band

This year has been another outstanding one for our bands. Six different bands have performed over 50 concerts and festivals with more than 7 000 people hearing them. In October, Intermediate Jazz played at the Provincial Music Educators Conference, and later in November the Symphonic Band played for 1 000 delegates at the Manitoba Health Organizations Conference at the unearthly hour of 8:00 a.m. The usual Christmas concerts played to packed houses, and the Symphonic Band was the first ever concert band to play in the Legislative Buildings, for the members of open house.

February saw all three jazz bands travel to Bemidji to play in the BMSU jazz festival. Later in the month at the Optimist Festival all concert bands won gold awards, and jazz bands were awarded two gold and one silver. In April Mr. Bruce was involved in a demolition derby on St. Anne's Road, but fortunately Mr. K was able to take over the bands, and at Musicfest Canada in Edmonton they were awarded four gold medals.

In the final concert Krystal Kastes summed up the significance of her six years of music education by quoting Dr. Frank Bencriscutto. "Music offers a phenomenon wherein may be expressed the highest feelings to which humanity has arisen. The destiny of music education is to teach us to love this great force not as an amusement, or merely an ornament, but for its enobling energy, for its power of making us better by arousing within each individual a perception of what is good, just, and beautiful."

## T.O.P.S.

Teens Offering Peer Support (T.O.P.S.) is a group of students who serve as the first "ear" of support for all members of the student body.

Under the direction of the guidance counsellors, these individuals meet on a regular basis throughout the year and receive training in being supportive and helpful to their peers. Included in the training are such topics as effective communication, problem ownerships, decision-making and recognizing individual differences.

# Reach For The Top

# Grad Committee

# Quebec Exchange

On November 10-17 1992, nine students and a teacher from Glenlawn had the opportunity to travel to Outremont, Quebec as part of an exchange trip for Voyageur Canada. The week was filled with such activities as touring various churches and museums as well as visiting Old Montreal. In all, everyone had a great time and will never forget the fun they had.

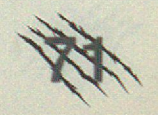

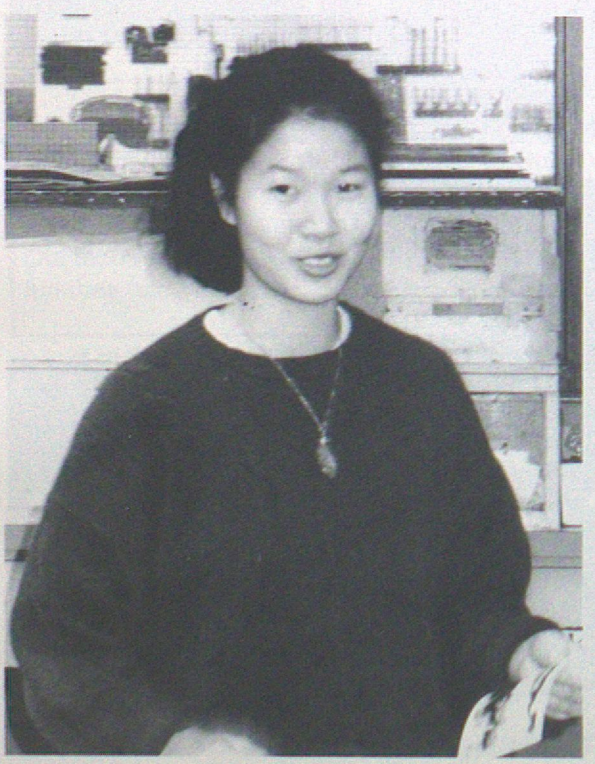

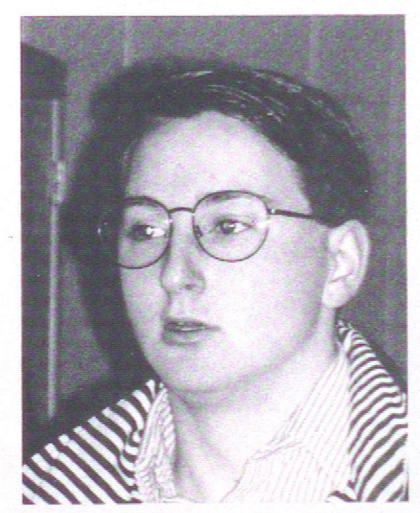

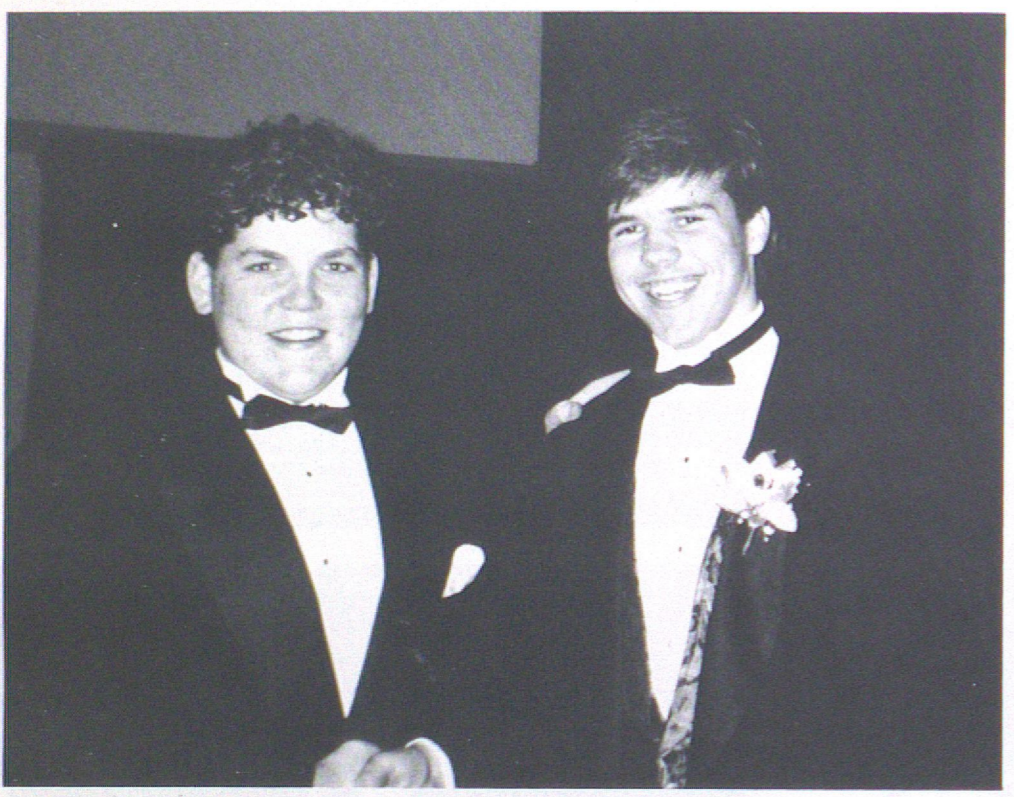

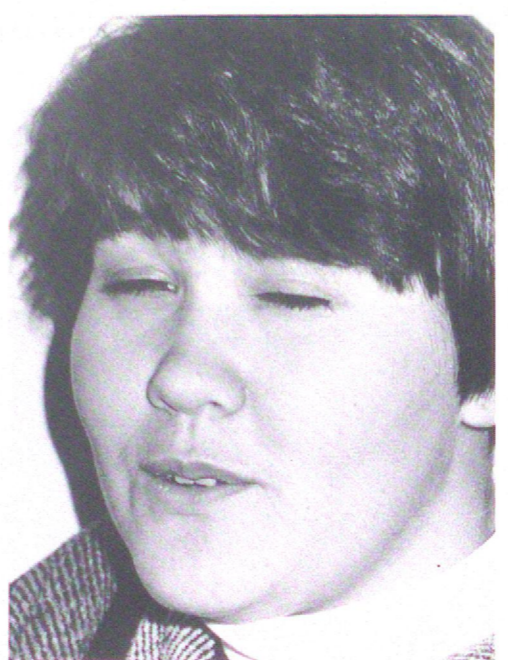

In the month of October, a group of excited grade 12 students headed off on an adventure. Their destination: the remote town of Rouyn-Noranda in Abitibi, Quebec. Communicating with a completely French community, using a limited vocabulary, was perhaps the most difficult challenge. We began to understand how the French students must have felt when they were visiting Winnipeg. Some survived the challenge, and some didn't. However, it was truly an experience no one will ever forget!

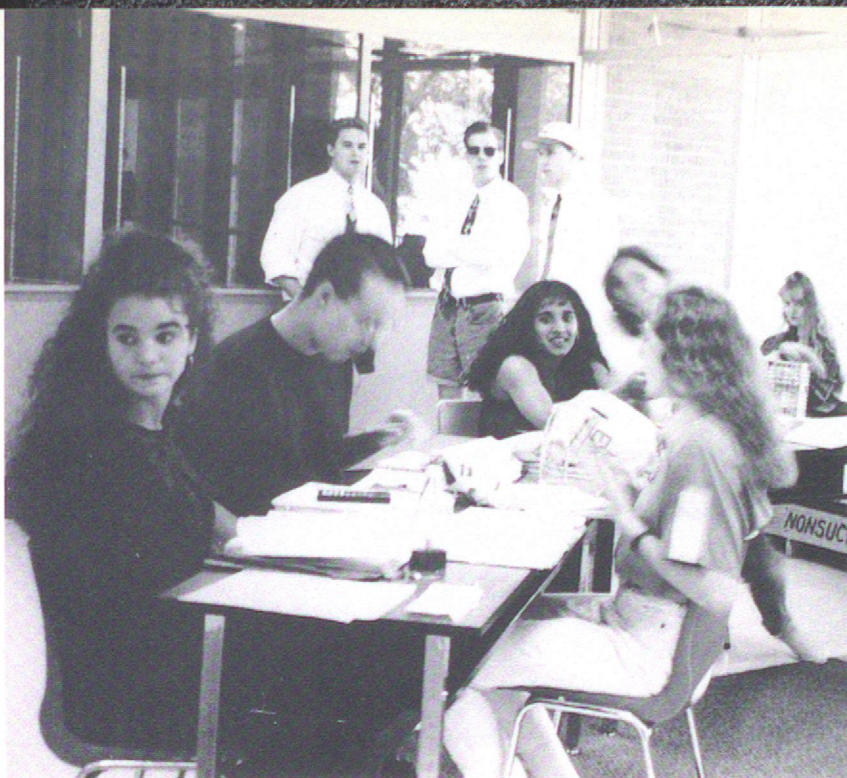

# Yearbook

# Student Council

## Student Council...

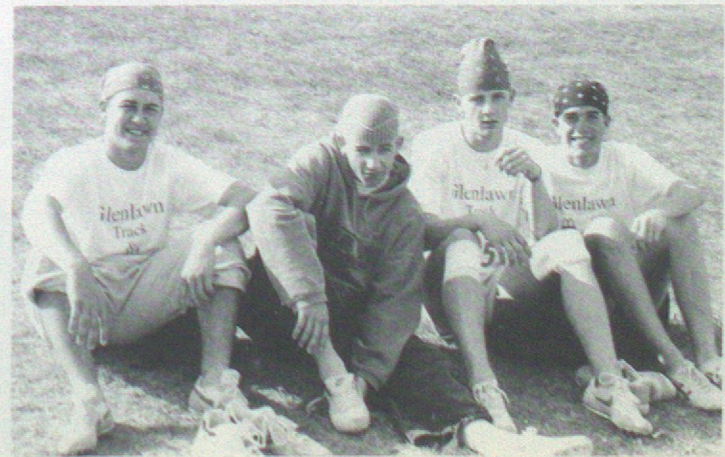

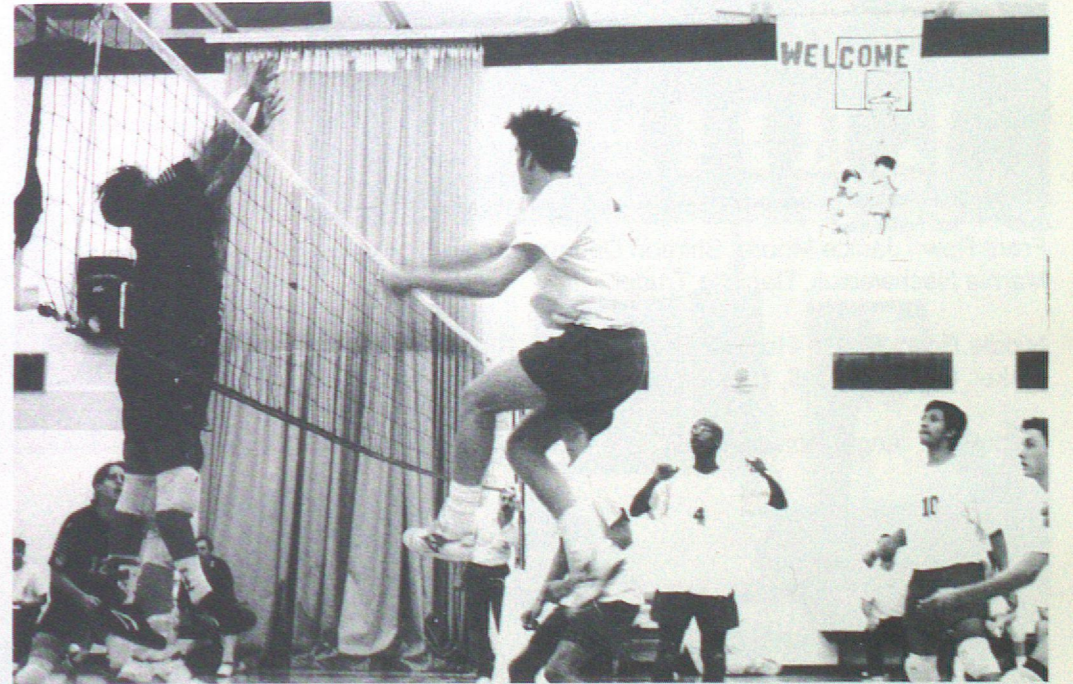

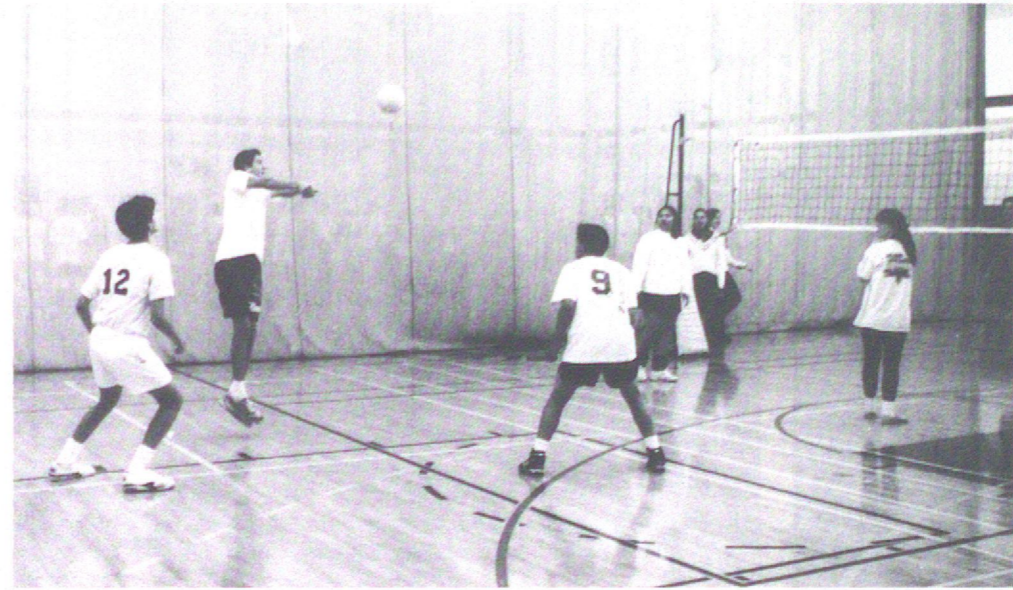

1992-93 proved to be a very successful year for the student council. Many enjoyed the year's dances; especially the extravagant spirit week dance in which D.J.'s from Calgary wowed over 300 students. Although Spirit Week was a dead finish, all grades could boast of talent and enthusiasm from each student.

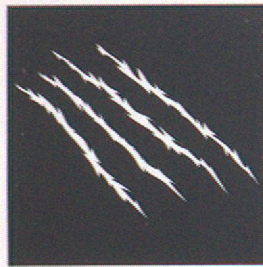

Best of luck to Desmond Clarke and next years council.

Cloverleaf Champions!!!    Provincial Finalists!!!

Over the year we knocked off #1 ranked teams three times. The team had a great run in the playoffs and provincials winning five games in a row against the province's best teams. We made it all the way to the provincial final, a first time accomplishment for Glenlawn Freshman Boys in recent history. Given a couple breaks we would have been champions. Congratulations to the team on a really tremendous season!

The Varsity Girls Basketball Team enjoyed a most successful season, compiling a 25-5 record. The girls were undefeated in league play on their way to a second consecutive Cloverleaf Conference Championship. Other highlights include tournament championships at St. Vital and Steinbach, and a 4 overtime victory over eventual provincial champion Kelvin. The team was ranked #1 for two months in the weekly polls and eventually captured third place in the Provincial Championships with a victory over Danial McIntyre.

# Curling

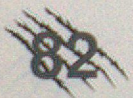

Glenlawn Curling Club

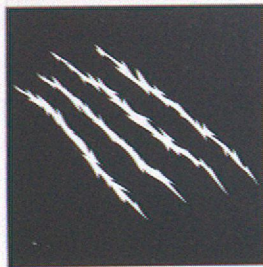

Glenlawn's Curling Club completed a very active 1992-1993 season in a newly formed Cloverleaf Mixed League. "A" Group was won by the rink of Davin Boutang, Melonie Cleutinx, Doug Penn, Curtis Kangas. The "B" Group Winners were Trevor Phillips, Sean Colman, Cynthia Remedios.

Glenlawn was ably represented in the Cloverleaf Playdowns for the High School Championships by Shana Rogers, Kelley Cudmore, Kyra Baker, Melonie Cleutinx. Rinks skipped by Davin Boutang, Shana Rogers, Daniel Lambert and Kelley Cudmore reperesented Glenlawn in the Cloverleaf Mixed Championships.

All curlers are to be commended for a season of good competition and good fellowship!

The Track Team at Glenlawn really consists of 3 teams, or seasons. We begin the year with Cross Country, get through the winter with Indoor Track, and burst into spring with outdoor.

Most Track Athletes are involved in training and competition for the full school year, unlike other school teams, who have an 8-12 week season. They begin the season with distance running and then, once in top form, move on to their particular events in the indoor season. This keeps them in top condition to compete outdoor.

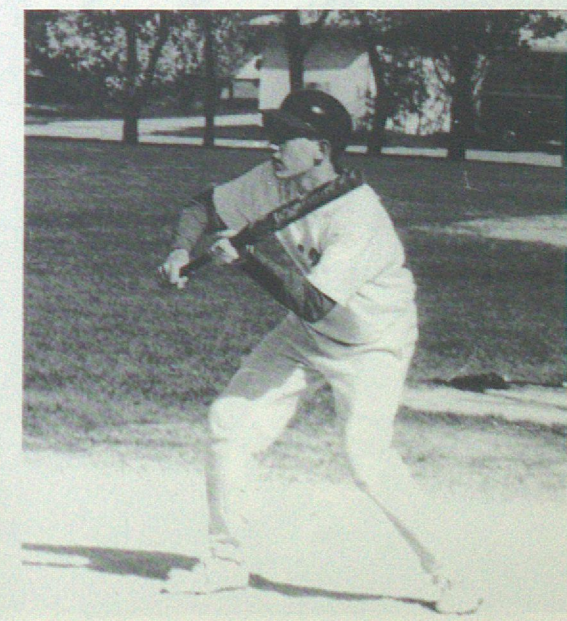

Track athletes must be dedicated. They sometimes train alone, or in small groups and sometimes train as a team. They practice in the early hours of the morning and after school. These athletes demonstrate the true meaning of sport: competing against themselves and trying for "personal bests" at each meet.

### Valedictory Address

Honoured guests, administrators, teachers, parents, friends and fellow graduates. Good afternoon. On this special occasion we will take the time to reflect on our past, examine the present and look forward to the future with uncertainty, hope and anticipation.

As we reflect on our past we need to first and foremost thank our parents. They brought us into the world, loved, cared, and nurtured us. They provided us with all our basic needs and more. Our egocentric world way back when was ourselves, our family, our home, and beyond that was unknown.

As we began our school years, our view of the world around us began to change. We took our first steps up the ladder toward our future and our independence. We learned to read and write and with each step we took we became more confident. But it also seemed that the more we learned, the more we realized we did not know. Entering Glenlawn on that first day of Grade 10 seemed like a huge step, all of us were nervous and apprehensive as we gazed into a sea of unfamiliar faces. We desperately clung to our few junior high friends for a week or two. Again we had faced the unknown. But with the help of our teachers and friends we built new relationships, survived each year and actually

most of us will admit that we enjoyed it.

Our teachers looked out for us, worried about us, encouraged, helped and guided us through our high school years and became our friends and our parents away from home. Sharing in our victories, our defeats, our accomplishments and our problems. They taught us more than just academics.

Our athletic teams with some outstanding athletes taught us how to win and just as importantly how to lose.

Musical theatre and drama taught us the value of participation and teamwork. Just how many people did it take to put on a successful production of the Music Man?

Fine Arts taught us how to express ourselves and to come in touch with the beauty of our innermost feelings, something we will carry with us all our lives.

Our many groups, clubs, councils and committees taught us responsibility, commitment and dedication. We learned that there is no substitute for hard work. As Thomas Edison once said, "Genius is 1% inspiration and 99% perspiration."

Our special needs students taught us about strength, persistence and courage. Several years ago it was uncommon for students with a handicap to attain an education, especially in the public school system. Now it is commonplace. We have come a long way.

As we look back today we realize that we have made great gains and accomplishments. However big or small, they are all equal in importance to our journey up life's ladder, our climb to higher goals. "Everything we do in life is insignificant but is important that we do it."

At present we are witnesses to many changes in society. Women's equality for instance, who would have thought even 10 years ago that Canada would have a female Prime Minister?

There are always countries in the world like Bosnia Herzegovina torn by war. We are fortunate to live in a country that believes in helping efforts rather than peace by force. Canada is the best country in the world to live in!

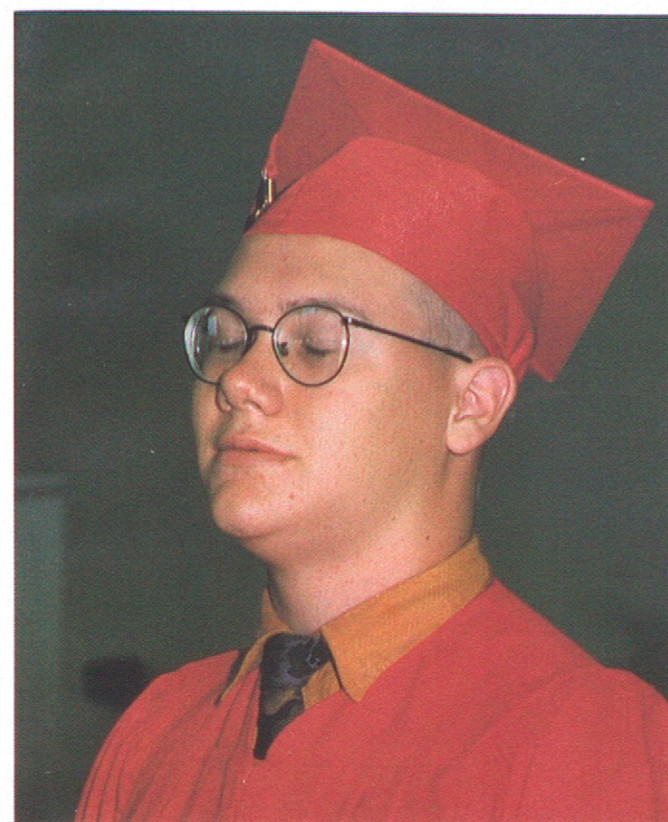

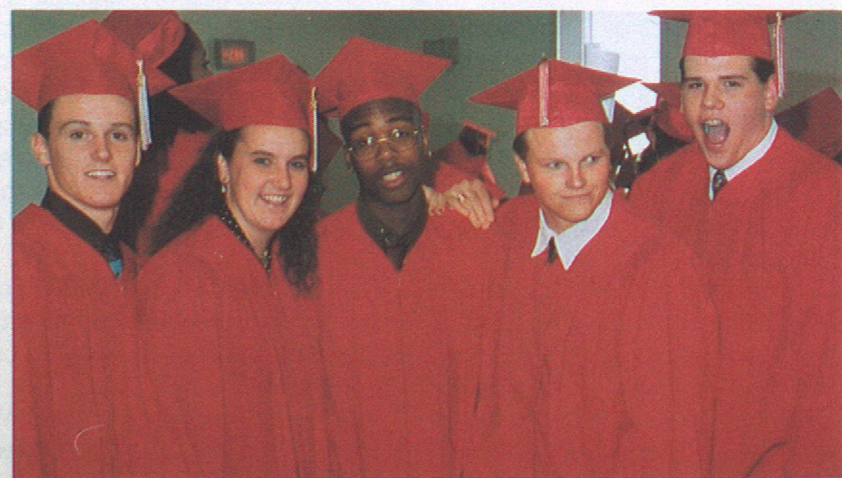

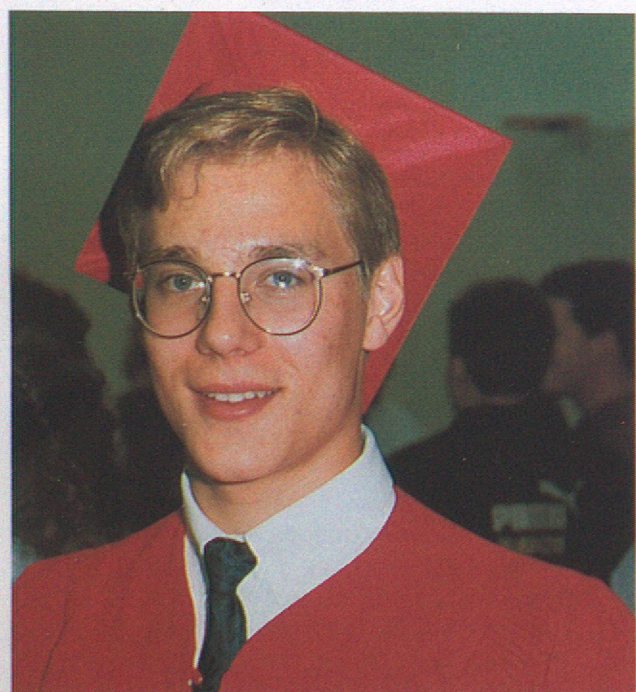

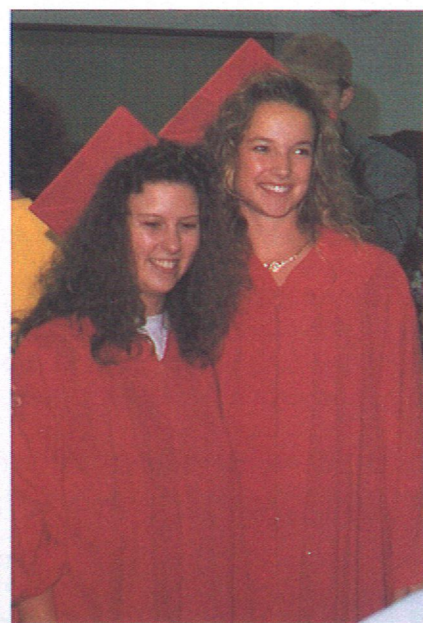

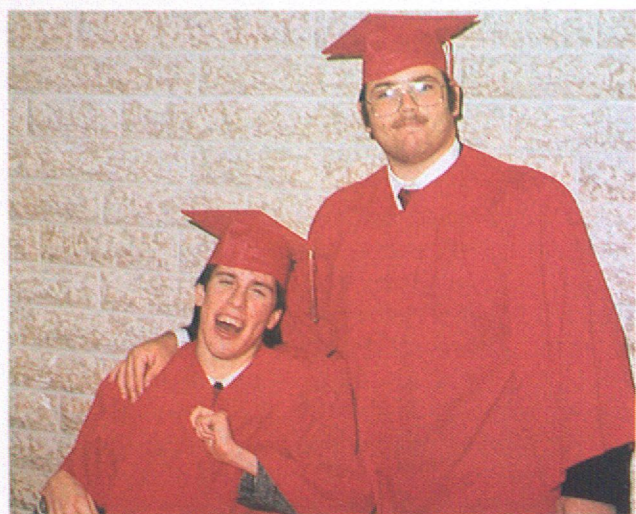

Which brings us to the future, even Canada, with all its aspects, is not without its downfalls - Recession, cutbacks, and unemployment all leave us wondering what the future has in store for us graduates? With diploma in hand we are ready to take on the world. But nowadays even with our diploma it will be difficult to find a job that will support us through life. Furthering our education whether it be College, University or simply specialized training will bring our goals closer to us. High school is simply another step up the ladder. If we set our goals one at a time leaving no gaps between them, we will find anything is within our reach. There are so many opportunities available to us, doors to choose - so choose one. If that door is not for you or the door closes, never fear, another door is bound to open. With perseverance, hard work and determination, anything is possible.

Today we are all together for the last time so say thanks and goodbye to your teachers and friends. Yes, it is sad that many of us will move away, go different directions or simply drift apart but we will also meet new friends and opportunities. Not only are we closing the door to our past but opening the door to our future. Even if we never see our friends again after this day, the memory of all the good things we shared will always live in our hearts. From the Cloverleaf and Provincial Championships to participating in Musicfest or simply winning Spirit Week for the first time, we have shared many memories. No one can take these away from us. So smile rather than cry when you are later reminded of Glenlawn. Most of all; fulfill your dreams. We have all come so far already and are only a few steps away.

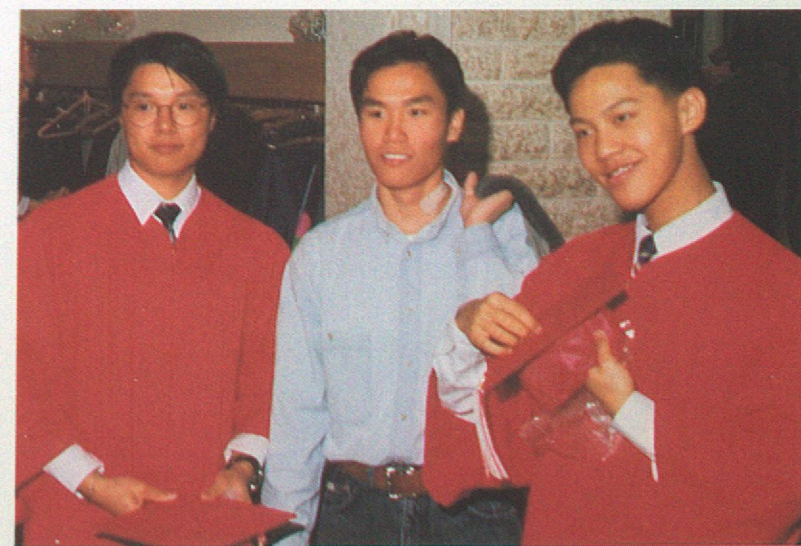

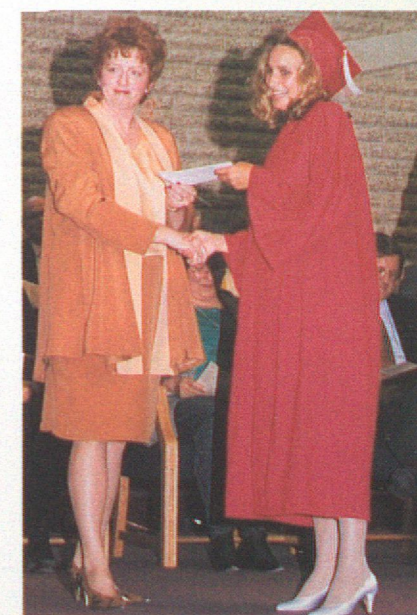

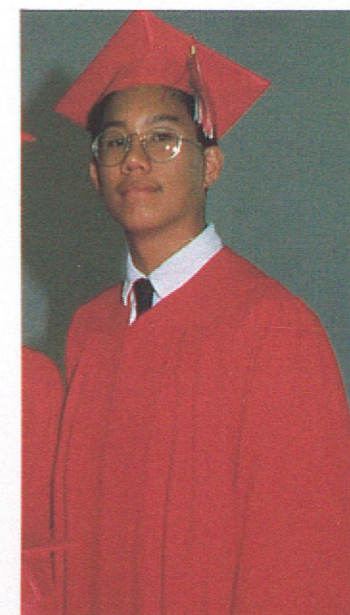

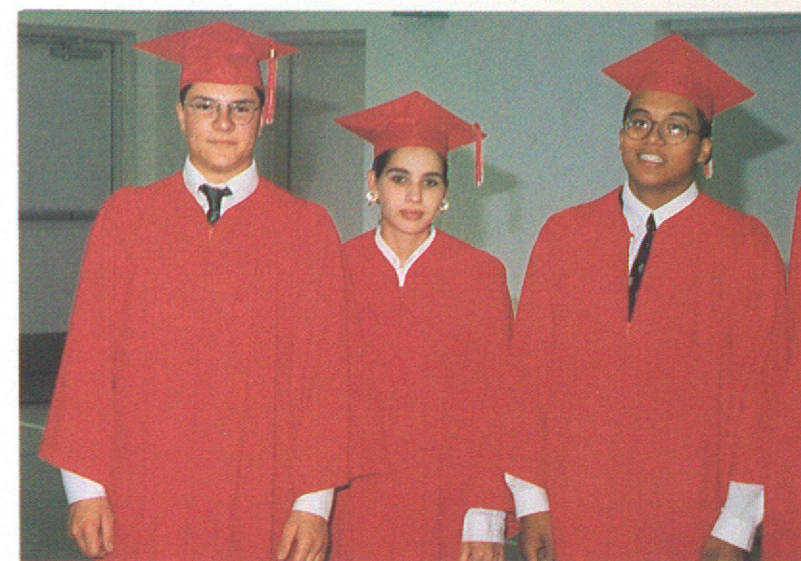

In closing, I'd like to leave with you a couple of quotes. First, a quote by T.S. Eliot passed on to some of the students by a superb band director. "At the end of all our exploring we arrive at where we started and know the place for the first time." And finally, "Today well lived makes every yesterday a dream of happiness and every tomorrow a vision of hope."

Thank you and good luck!
