EDITORIAL

As the end comes to the 1957-58 year in Glenlawn Collegiate, we look back to a year of expansion. The addition to our school brought to fourteen the number of class-rooms, a beautiful library, new laboratory, and the shops in the basement buzz with activity. These additions required a larger teaching staff and the year book committee sincerely hopes they enjoyed working in our school.

This year also brought us a new principal. To Mr. Thistlewaite we say "Welcome" with hopes that here he'll find success for himself and us, the students.

In a school expanding as ours has, there is of necessity a shyness among students that never before existed. These, however, are necessary "growing pains" and although they have caused disruption in organization, the experience of working among a larger group will soon have things running smoothly again.

The object of this annual has been to get everybody in on the work, the anxiety and the feeling of fulfillment that comes with a job, well done or not, that has required co-operation and hard work.

In saying "Thank You" to Mr. E. S. Longstaff of Rapid Grip and Batten; Mr. Mensforth of Garry Press; Mr. A. Lench and Mr. R. Wright of National School Studios for help in photography, and every student who helped to put this Annual out, we look forward to many bigger and better classes, schools and "Glenmories".

Principal's Message . . .

It is a great privilege to write for this year book. Do you know that ten years ago the first "Glenmories" was published? My thanks go to the editorial staff for their hard work in carrying on this tradition.

Another stage forward in the development of Glenlawn began in September 1957 with the opening of the new wing. The comfort and convenience of this addition have made a great contribution to a successful year. The new shop and laboratory rooms have facilitated instruction and the quieter halls and classrooms have enabled the school machinery to run smoothly. Congratulations are in order to the students for their hard work and fine deportment.

This has also been a historic year scientifically with the first launching of an artificial satellite. It is hard to realize how the world's outlook has changed in just seven months. What a magnificent achievement and what a vast new horizon! May the Glenlawn graduates take a full and worthwhile part in life amidst these new developments. Your education, too, is like one of these three-stage rockets with Collegiate studies the final stage. The eventual orbit depends upon the continuing thrust of each. The final stage is critical. If you falter now you fall. Keep the drive going so that as the last booster drops behind, you will continue on—swift, secure, and free.

Finally, may I pay a sincere tribute to Mr. Walter S. Yarwood. As I have taken up his work, I can appreciate the great service he has given over the past years. His continuing interest in, and contribution to this district through the Science Department is very much appreciated.

STUDENT COUNCIL

The Student Council would like to extend through the medium of the 1957-58 edition of Glenmories its sincere thanks for the splendid co-operation which members of the faculty, janitorial staff, and the Student Body have given so willing throughout the year. Without this, we could have accomplished nothing. We wish also to thank Don Steele for the magnificent job done by him as President of the Council before Christmas, and regret that he found it necessary to resign.

Of the various major social activities—dances, the Variety Show, the operetta, our notorious Junior Red Cross Soap Drive, and sports—basketball, volleyball, badminton, curling, bowling, tumbling, and soccer—you will read elsewhere in this issue. Events still in the offing at the time of this writing are field days and Graduation, the latter to be held Friday, June 6 at the Fort Garry Hotel.

Congratulations are due to our girls' basketball team, the "Glenlawn Lionesses", who once again wear the crown of Suburban Supremacy.

Council projects this year include: The sponsorship of a young boy—Angelo Crepoldi—of Roviga in Central Italy, through the Canadian Save the Children's Fund; The purchases of our own school stationery and an omnidirectional microphone; a successful request to the School Board for a new piano; and the sending in two students, El-lery Thorsteinson and Jocelyn Burgess, to the United Nations Seminar to be held in July at the University of Manitoba.

To everyone associated with Glenlawn this past year, the Student Council wishes the best of luck and every possible success in the future.

—Sheila Rostad.

Grade XII . . .

JOHN BLOOMFIELD

The room's authority on history? Favorite pastimes are arguing with Diana T. and trying to make his hair lie down. Well liked and always good for a laugh. He's one of Miss McLeod's pet peeves. Also an industrious lad whose evenings are spent in the C.N.R. Postal Branch.

GEORGE CAMPBELL

The room's only telegrapher and one of the few who find school a snap, it would seem. Always seems to be explaining some theory. His hearty laugh is frequently heard throughout Room 25 during Chemistry periods. Usually has a reception committee waiting when returning home.

KEN CUSSON

Always doing a last-minute assignment (in who-o-se period?) Ken is a hopeful bowler and another member of the Safeway chain-gang. Keeps a watching eye for a back seat and is always ready with a funny. Constant thought, "I'm sure gonna be a poet!"

JIM DOERKSEN

Decided to take a holiday (??) from school, but is right back in the old grind. The owner of a large record collection, Jim likes cameras, his Olds and girls. Can often be seen doing his homework after four—a lot of girls wonder how he fills his evenings. Future—engineering. Destiny—beauty contest promoter.

FRANCES HARDY

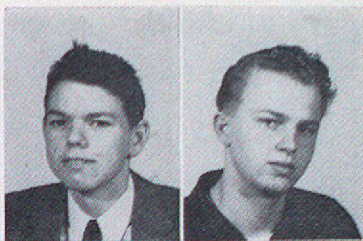

"Curly" is often busy with school affairs, also has "year-bookitis". Keeps her ears open for the boys' remarks from the back. A future teacher, she also managed to squeeze in a trip to B.C. A school-luncher, her favorite eating position is from the top of someone's desk.

DOUG KILGOUR

Frequently seen comparing jokes with Russ. He is usually quiet, but still gets all the "confab" from the grape-vine. A die-hard Latin scholar, he managed to rescue Room 25's B-ball pennant from the girls' washroom—"isn't that a cute blush."

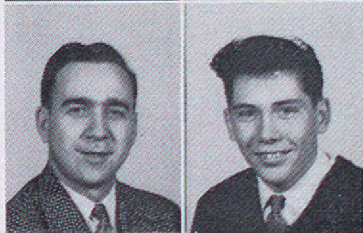

MYRNA MARCHYSHYN

Hailing from "way-out-there," Myrna plays for the G.C.I. B-ball team and enjoys all sports. Quiet except when tempted, she's well liked by all, and can often be seen running past the gym in shorts—down boys!

GERRY BOWMAN

Moves about from room to room and wonders why time passes so slowly. Likes to ask impossible questions to sidetrack the teacher. Another Safeway shelf-stacker. A ready wolf in the company of Schnider and Cusson. Alone he claims to be shy, but we wouldn't take his word for it.

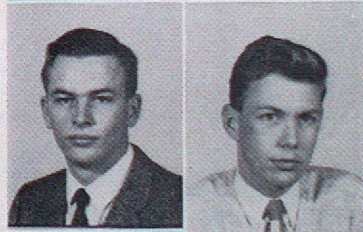

DENNY CHECKLEY

"Reginald" can often be seen in the halls for various reasons. A former car driver, he now takes the bus. (How come?). Oh, what he does with all those spares. According to certain tests we have a budding musician—practices by playing on the teacher's nerves.

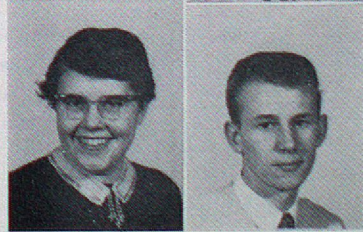

REINHART DAHER

"Defender of all brush-cuts" — manages to keep "bugging" Clay with his trusty ruler, but "Oh, that Maths!" Can be seen driving a blue panel truck, and is a lover of turtle-necked sweaters. Future—engineering. Destiny—making longer rulers.

TOM FLATHER

One of Miss Johnson's maths fans, claims he spends twenty minutes on a question. Continually closing the door—so he can study? Another of the boys who skips out the back door with his boots on. His love for school seems to hold him in the room longer than anybody else at lunch time.

BUD HOFFMAN

Room 25's blond Romeo who has all the downstairs girls chasing to the library rather oftener than usual. A star of the B-Ball team, he is much in demand at poster-making times. He greatly prefers a back seat for Chemistry periods. Ambition: Engineering. Destiny: Hotel-keeping for ????

CHARLES MACKLIN

"Chuck" can often be seen in the lab—likes relating his hazards while playing mad scientist "out at Shilo". A newcomer to Glenlawn, he enjoys basketball and the water fountain. He's well liked and will try anything once—even Maths.

EDWIN MARTIN

"Drive much?" Smokey is one of the few quiet ones, unless coaxed. Pampers his Dodge, but it never lets him down. He plays the strong, silent type, but we wonder why, when the bow tie and brush-cut would stand him in such good stead with the girls. Also has hidden B-ball talents.

. . . Room 25

Grade XII . . .

PATRICIA McKAY

The room's only redhead—is frequently bugged by Bob. Doesn't treat anyone to her lunches any more. Doing a great job looking after the school's social activities and running around finding someone to look after drinks and records. A future teacher, her friendly laugh makes her popular.

DIANNE PEARCE

Always disagrees with John on history facts. Has taken to eating lettuce sandwiches—wonder why? Makes "funnies" unknowingly. Bound to be successful as a teacher or nurse. Which one, Dianne?

DIANE ROBERTSON

A familiar figure at Red Cross meetings, Diane uses her study periods well—punching holes in Chemistry books. Teachers' College is in store for this girl, then she will be seen behind the big desk. We wonder if she will be as popular in the halls then as she is now.

ROBERT SCHNEIDER

"Duke" is one of the few aristocrats who wear an overcoat to school. He enjoys curling and dazzling the girls with his smile, also quite a football player. He enjoyed a week's holiday after being "absent" from a certain maths exam. Can often be seen at the A. & W.

JOHN SPRINGER

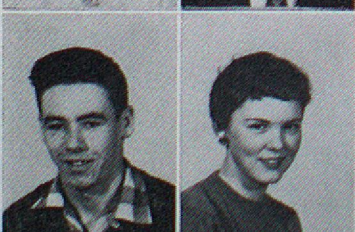

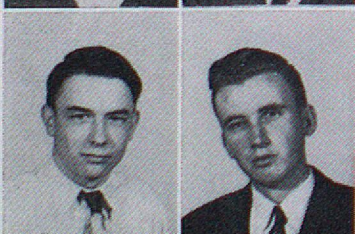

This boy takes up less room than his briefcase; is industrious enough to study Latin alone with the rest of the non-existent Latin class. We predict for him success in all his undertakings, if quiet endeavour can win it, and wish him the best of luck.

RUSSELL SYKES

A curler and B-ball, Russ manages to liven up the front of the room by occasional remarks to "Reggie". Found Reggie persistent in his objections to every place suggested for our Grad. Our room pres.; has a friendly smile for all girls.

JIM TURNER

A strong supporter of the "dog team depot", Jim believes school should start at ten o'clock; supports this belief wholeheartedly, but still manages to skip detention—what's the secret?

. . . Room 25

MARGARET PAKALUK

A green Ford, well-filled with riders can be seen pulling into the parking space with Marge at the controls. Next year it will be filled with students under her care. We wonder if her friendly personality will follow her to be a good boss? Good luck, Marge.

ROBERT REGENT

"Reggie's" motto—"Women, wine and song"—in that order. An ardent curler and future engineer, Bob's always ready to liven up the room. Also one of the "privileged risks" in the library room. Guess why he occupies the front seat?

SHEILA ROSTAD

Sheila belatedly became our school president, after serving half the year as our Vice-pres. Behind those blue eyes lies a wealth of brains which obtain for her top marks. Glenlawn's representative to the Inter-High Council, she works hard toward success for it and for our school.

WAYNE SINCLAIR

The room's fresh-air fiend who keeps a wary eye on the blinds and enjoys seeing "wet" teachers (remember when?) Often seen with Tom. Always ready with a smile, Wayne is a frequent member of Room 23 maths periods.

DANNY SPURRILL

"Deacon" has an adopted motto: "Business in business hours": business—talking. A frequent visitor to the detention room, he can often be seen combing his locks or autographing someone's books. Also an "early bird???" He manages to get caught in the cross-fire of chalk and brush fights. Defender of all Austins.

DIANNA TURNER

This cute, good-natured lass is the frequent object of class jokes. Claims to be very innocent, but sometimes we wonder?? "Turnip" believes in early lunches and for some reason likes the blinds down. Could this be a domestic habit? Future—teacher. Destiny—sun-worshipper.

RALPH URBANOWSKI

Betrayed by his partner in crime, Hal, Ralph has trouble concentrating on books. D. T. is the victim of all his jokes, but we wonder what goes on in their "little huddles".

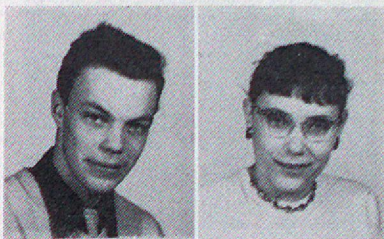

Grade XII . . .

DOUG VANDENBERGHE

Supports Jim's theory, but has farther to come. He sports one of those "fishy" haircuts and is an ardent motorcycle fiend. Planning to go up North next year. Best of luck, Doug.

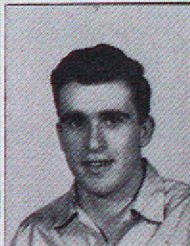

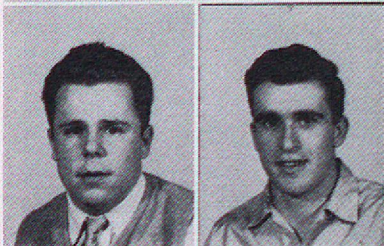

DENNIS WATTS

Remarks like "He's gone for a beer" and other appropriate ones, keep the boys in the back laughing. Not seen around too much after hours. Who's the girl, Dennis?

LOIS WALKER

A cute little brunette from the front of the room who wrestles hard with Chemistry. Her hopes and plans are in the dark to us, except that we know she plans on heading for the U. next fall. Best of luck to you, Lois.

BARCLAY WINSLOW

Another "mad maths man", pigeon-foot is a retired B-baller. Often seen looking for his briefcase. Clay's secret ambition is to make Nitro. One of the boys during a joke session, he enjoys bugging Bud. Also a frequent visitor to the water tap. Ambition—engineering. Destiny—coach of Glenlawn Lions.

## Social Notes

The Social Committee is glad to have Miss B. McLeod and Miss N. Johnson as the staff advisers for the term of 1957-58. Pat McKay is chairman and Barbara Wooden is Secretary-treasurer.

The first social event of the year was the Election Parade starting at the junction and winding up at the collegiate with its usual commotion of streamers and horns.

The official opening of the new addition to the building, combined with the presentation of the diplomas to the graduates of 1957 was a more formal affair.

The three main dances of this year have consisted of the Hallowe'en Sock Hop on Wednesday, October 30, which resulted in a few worthwhile blisters on the feet, the Snow Ball on Friday, December 20, which was welcomed by everyone after the pressure of the Christmas exams, and the Spring Fling which gave everyone a chance to show off their new spring outfits.

The dances after the high-spirited basketball games with our rival teams Viscount, Norwood, and St. James, added a touch of excitement.

Glenlawn's social world was varied by the Variety Show on March 7 and with Len Andrée as M.C. and Don Peters and the Shadows as the guest act.

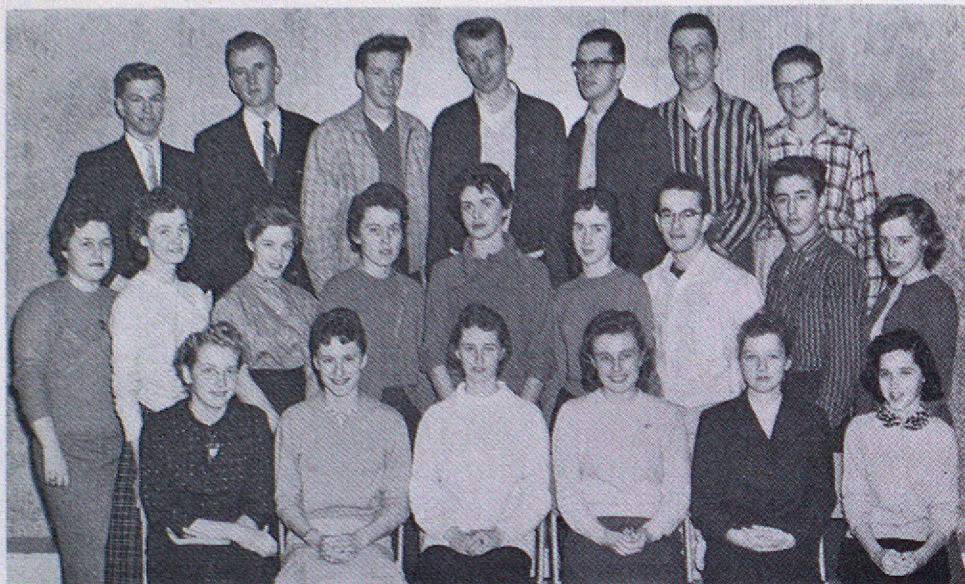

May the next dance, which will provide a final get-together, be a success, and the graduation scheduled for June sixth at the Fort Garry Hotel be a long remembered event for the graduates of 1958.

In closing, we wish to thank all those active participants who helped make the social scene of 1957-58 a great success.

—Pat McKay

# ROAR

February 6, 1958 was the start of a new year for the "Roar". This has been the third year for publication of the paper which was first started in the school term of 1955-56. This year the traditional Elmer Fudd was replaced by "Arthur", our school mascot. The picture of the lion was created by one of our cartoonists, Marlene Martz, and we felt it was more appropriate as the name of the paper is "The Roar". The paper has been published, not to make

a profit, but to keep the students informed on the social, sports and other interesting school news. It is made up of the students, for the students, and by the students. We would like to extend our warm appreciation to Miss Fryer and all those who assisted in making the publication of this paper possible. We feel sure that the "Roar" will continue to operate and each year become a bigger and better success.

—Gladys Beer.

## Inter-High Council

On behalf of the Inter-Hi Council—the organization of Presidents and Vice-Presidents of all Greater Winnipeg high schools, I would like to extend warmest thanks and appreciation for the enthusiasm with which Glenlawn students have reacted to the various Inter-High projects undertaken this year. Outstanding of these was, as usual, the Variety Concert at Tec-Voc, held Jan. 29-31, three evenings instead of the two of former years. Glenlawn was topped in ticket sales only by Daniel McIntyre and Tec-Voc—two much larger schools.

Other projects include the Inter-High Hop, held May 10 at the Provincial Teachers' College in Tuxedo, and a "Good Luck" pre-Grey Cup telegram sent to the Blue Bombers in Toronto last November. Glenlawn did not participate in the latter, the two hundred dollars profit of which was donated to UNICEF.

All profits realized from Council projects are given to various recognized charities.

Further Council activities include a weekly radio newscast on station CJOB, and a delegation to the Provincial Government in protest of student payment of hospital premiums, as provided in the recently-passed Manitoba Hospital Service Act. Glenlawn was represented on both of these committees, as well as on the Junior Red Cross Inter-High Council, and the newly-formed Year Book Council.

Again, on behalf of the Inter-High Councillors, may I wish every Glenlawn student a happy and prosperous future.

—Sheila Rostad,

Glenlawn Representative  
Inter-High Council.

## + JUNIOR RED CROSS +

At the first meeting of the Junior Red Cross this year, our officers were elected. Oliver Reimer was elected president but was unable to attend our meetings because of the Student Council meetings, so Carolyn Heuchert took over the presidency. Gladys Finlay was elected secretary-treasurer.

Our first campaign was serving luncheon at the Teacher's Convention. It was a big success although many of the teachers were not hungry. We made a profit of \$39.21. Thanks to all those who made this possible.

Our second project was Christmas hampers. This project was a big success and all the students took part in it.

Later on, several of the Red Cross Representatives served a small lunch at the Inter-High Student Council Meeting.

Unfortunately our Blood Donors Drive did not go over too well. At the same time

we had another disappointment. Miss N. Kelly resigned as our sponsor, and a new advisor was needed. Luckily Miss Fryer offered to sponsor us and did a wonderful job.

On March 7, six delegates from Glenlawn were sent to the Red Cross Conference at Tec.-Voc. The conference was a big success. We got the idea for our next project at the conference. Then we began our plans for a soap drive. We had wonderful results. The students brought in about 1,800 bars of soap weighing approximately 350 lbs. Our trophy, a rubber duck on a stand made of soap, now stands proudly on a shelf in Room 23.

That was our last project and we feel that we had a good year.

—Gladys Finlay, Secretary-Treasurer.

## VARIETY SHOW . . .

Once again students of Glenlawn Collegiate proved themselves to be a very talented group of teen-agers when, on Thursday and Friday evenings, March 13 and 14, in the collegiate's second production of the year, they proceeded to stage their Annual Variety Show, which, to all indications, was "the best yet". The responsibility for the concert's outstanding success lay in the zealous enthusiasm with which the performers, faculty advisors, and members of the various committees worked to produce this year's show. To all concerned, the Student Council extends its very sincere appreciation.

The Glenlawn Cheerleaders opened the program introducing that incomparable Master of Ceremonies, Len Andr e, whose hilarious antics and commentary caused the audience to issue forth in constant gales of laughter.

First on the program were those talented chorines from "up north", the Room One Ragamuffins. Future candidates for the Folies Bergere, perhaps? A novel touch was supplied next by St. Vital's answer to Rin Tin Tin and Lassie, the one and only "Blackie", with his mistress, Jeannette Desautels. Pianist Marlene Martz, adding a classical note, very ably executed the immortal "Claire de Lune", followed by the Theme from the Greig Concerto. Lillian Gallant's dance of the Ukraine found a very receptive audience, preceeding the gals responsible for the "Sack Look"—around these parts, at any rate—the "Hill-billies"—Pat Stanley, Eleanor Manchulenko, Marion Robertson, and accompanist Joan Montgomery—who emphatically bemoaned the fact that "You Can't Get a Man With a Gun." A sample of baton artistry was included in this year's concert, provided by instructress Linda Taylor and pupils Carole McKinnon, Sherri Haack, Wendy Bundy, and Judy Duncan. Accompanist Bill Ostap, who was faced with the unwelcome task of following so talented a performer as tap artist Barbara Owen, whose dance routine proved to be one of the highlights of the evening, rose to the occasion admirably, while Dave Van Engel's account of the "Jewish Vedding" brought forth laughter from our patrons. Bringing the first act to a conclusion, the tumblers, under the expert direction of Mr. Kaplan, demonstrated their fascinating skill to an enthralled crowd.

The versatility of the Girls' Basketball Team was evidenced as the girls began the second act with the "Shooting of Dan McGrew", narrated by Lyn Hurst. Susan Helyar portrayed Dan McGrew, Myrna Marchyshyn the Stranger, Doris Brand the Bartender, and Marcia Sykes the "Lady Known as Lou". Following this sportive comedy, the "Cottonpickers"—Laura Newbold, Nardene Usher, Linda Boggitt, and Joan Donald, accompanied by Roberta Boyd—complete with black faces and bare feet—extolled the praises of the "Mississippi Mud". (What's wrong with St. Vital mud?) Violinist Diane Pritchard, pianist Leslie White, and accordionist Frank Boone provided a musical interlude, after which the three soloists were followed by Glenlawn's own "Stardusters"—Barb Simpson, Marlene Martz, and Karen Jacquet with Carolyn Heuchert at the piano. One of the numbers selected by the girls was Marlene's own composition, "Ready to Go Steady". Next came a group of our very versatile Cheerleaders, and their version of the grandfather of Rock'n Roll, the Charleston. Myrna Marchyshyn's gum-chewing pet flea, Beatrice (Watch out, Blackie) and tale of an Italian youngster's reaction to his first baseball game rated high with our very appreciative audience.

If there were any devotees of Handel present either night, they will undoubtedly never again listen to "The Messiah" without remembering this year's Variety Concert, for it was here that they were treated to a very rare (fortunately) version of the famed "Hallelujah Chorus", as sung by Miss M. Johnson and Miss McLeod, accompanied by Miss N. Johnson who, when not deeply involved in the classics of the musical world, double as teachers.

Bringing the 1958 Variety Show to a smashing conclusion, Don Peters and the Shadows, from Norwood, entertained with songs which have won them a position among Winnipeg's top teen-age vocal groups.

Following the finale on Friday, staff assistants Miss M. Johnson, Miss N. Johnson, and Miss B. McLeod were presented with bouquets, and Mr. Andree with a boutonniere. Flowers were sent to Mr. and Mrs. Newton, who were unable to be present due to illness. Participants in the show celebrated with a party in the auditorium, bringing to an end another successful variety concert.

# Scrooge's Christmas

Something new was added to the Glenlawn scene this year, in the form of an operetta. "Scrooge's Christmas," was held Thursday and Friday, December 5 and 6, in the Collegiate auditorium. If the size and receptive attitude of the audience are any indication, it would appear that a new tradition has been established at Glenlawn.

In the tile role—that of Ebenezer Scrooge—Brian Schumacker—was every inch the hard-hearted miser, who, with the assistance of Ghosts—Bob Force, Wayne Stewart, and Steve Waite—reforms before it is too late. The Ghost of Jacob Marley, Scrooge's late partner, was convincingly portrayed by Tom Creighton. The Cratchitt family consisted of Spence Aldwinkle as Bob, Barbara Anderson as Mrs. Cratchitt, Richard Lovering as Peter, Bill Wilson as Tiny Tim, Frances Cameron as Belinda, Wendy Bundy as Martha, and Karen Jacquet and Len Surbey as the other children. The two gentlemen were Ken Murray and Lorne Wotten, while Frank Clarke was excellently cast as Fred, Scrooge's happy-go-lucky nephew.

Some of the flattest notes heard around St. Vital in some time, as well as some very graceful dancing (in which everything in sight was knocked over) were contributed by Ragamuffins Lyn Hurst, Barbara Owen, Judy Russell, Marilyn Bayley, Sheila Rostad, Helen Sapach, Bette Tostowarek, and Leslie White.

Our very celestial angels were sopranos Velma Johnson, Carolyn Heuchert, Evelyn Smith, and Barb Simpson, Carollers Mau-

reen Willson, Marlene Martz, Diane Bender, Margaret Bateman, doubled as the Little Chefs, while Dorothy Yeryk, Leona Thwaites, Pat Stanley, Linda Boggitt, Grace de Man, and Claudia Kennedy, were the Shopping Lasses.

As well as the performers, many other individuals played important roles offstage in this, our first operetta. Handling the curtain were Mile Balshaw and Gordon Cummer. Laura Newbold was in charge of Makeup, with assistants Nardene Usher, Karen Jorstad, Pat Muir, and Moira Dewar. Properties were the responsibilities of Maryelis Anderson, while costumes were provided by Miss Fryer, Dr. V. Leathers, and Malabar Costumer. Bob Wardell and Bob Rutherford looked after the settings, typist was Mary Kirkwood, and Bud Hoffman and Marlene Martz were responsible for most of the publicity. Master of Ceremonies was ex-graduate Ralph Atkin. Needless to say, all of these people did an excellent job. Without them, our production would not have been possible.

Special thanks must be extended at this point to Staff Assistants Miss M. Johnson (producer - director), Miss N. Johnson (dramatics director), Miss MacLeod (choir leader), Miss Fryer (costume supervisor), Miss Rosylycky (dance instructress), Mr. Drosdowech, and Mr. Thistlethwaite.

Following the Friday show, the students celebrated the success of Glenlawn's first production of this type with a party in the gymnasium.

## SPORTS

Well, another year of school sports has been brought to a close. There were more school and inter-room activities this year, and consequently many more of the students participated, enjoying themselves greatly. To start the year off, we had inter-room activities, and pennants were being given to the winners. In the inter-room soccer, the winners were Room 14. In boys and girls inter-room basketball, Room 7 went all the way for a girls' victory, while Room 25's A team got the boys' championship. In inter-room volleyball Room 8 got the girls' award while Room 23 got the boys'.

In the suburban, and provincial basketball and volleyball, the boys' volleyball team made a good showing, this being their first year in the league. The girls team, however, went all the way to semi-finals only to go down to a bitter defeat to East Kildonan. In basketball, the girls won the Suburban Championship for the seventh year in a row, but went down to a 22-18 loss against Tec-Voc in the second game of the provincials. In the boys' division, our Lions put up a fabulous fight in the semi-finals beating St. James to first place, two games straight, but were defeated by West Kildonan in the finals. Many thanks to Mr. Gaudreau and Mr. Kaplan for coaching our teams. One highlight of our basketball season was the day that the teams, cheer-

leaders, and fans went by bus out to Portage la Prairie. Both games were won, and a wonderful time was had by all.

Bowling and curling this year were, as always, a great success, and a lot of fun. The credit for the organization of the bowling league this year goes to Dennis McPhail, and the champions were Ken Cusson's team. In curling, the winners were Larry Jones' team for Thursday and Bob Schneider's for Tuesday, and the excellent organization of this league was done by Bob Regent and Larry Jones.

As tumbling closes the season in physical education periods, the track and field meet closes the inter-school sports year. This year the Glenlawn Track Meet was held on May 20th with the Suburban one following soon after.

Last, but not least, a special vote of "thanks" to Miss Rosylycky and Mr. Kaplan, Larry Jones, Barbara Dunstone and the members of the Sports Council who with their work and co-operation made this successful year possible.

The students who got their school letters last year were Russ Sykes, Ann Chivers, Art Hawkins, Doreen Lamblin, Gerry Graham, Myrna Marchyshyn, Glen Brand, Terry Barta, Barclay Winslow, Nori Woods and Garry Odilfson.

## DENTAL APPOINTMENT

"There it goes again!" I groaned to myself, as I felt something hard on my tongue, and knew it was not a bit of my last waffle. I didn't say anything, however. Then I felt a jump that made my neck hot. Suddenly I wasn't hungry, at least not for anything sweet. Excusing myself, I went into the livingroom to watch television. My mother came in too, and sat down beside me.

"There it goes again," I said sadly to myself.

"What, dear?" inquired my mother.

I had to tell her, so I did—I said that my stomach was sore because I had eaten too much.

"Then why are you holding your cheek?" she asked.

It was out; I could conceal the fact no longer. I had a toothache; I had to go to the dentist. The very word struck terror in my heart. Hoping to reassure myself, I recollected the last time that I had paid a visit to Doctor Parrott. How happy we both were when my appointment was over! Then I thought of those endless twice-a-week excursions that had preceded my last visit, and I decided to volunteer for passage on the first space ship to the moon.

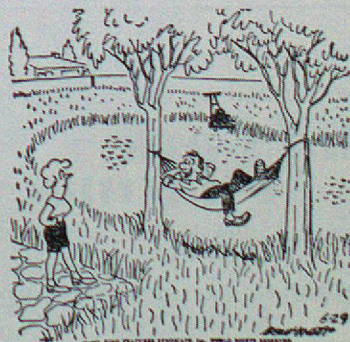

But the damage had been done. My mother informed me that on Tuesday after school I had a date with the "Dark Prompter". All day Tuesday I tried earnestly to get detention, but to no avail. Zero hour approached . . . five . . . four . . . three . . . two . . . one . . . the last bell rang, and for the first time in a long while, I was sorry to leave school.

By four-thirty I was tensely pacing the floor of the dentist's waiting-room. A lady in white,—black would have been more appropriate,—asked me my name and put a check mark on the register. She said I was lucky to have got an appointment so soon. Lucky!—the irony of this statement

almost made me laugh, only I was too scared to open my mouth. Just then the doctor came out and pointed to the electric chair—pardon, dental chair in the adjoining room. Slowly I stepped in. I thought that I should at least have had a last meal, but the people around me did not share that opinion. My head in position, I closed my eyes. Nothing happened. I opened my eyes. The dentist had gone! Gleeefully I searched for a means of escape, but no,—the door opened, and he returned bearing a tray of mirrors and needles and things for prodding around. With a fiendish gleam in his eye he told me to open my mouth. I did. I wouldn't have, but he was bigger than I was. Then he thrust his green little finger into the yawning cavity before him. It was green because he had rubber gloves on; I was yawning because—what else can you do with your mouth open?

"This won't hurt a bit," he said, as a six-inch needle approached me. Then I blacked out. When I recovered he was standing there, triumphantly holding the offending tooth in a pair of pliers. The ordeal was over: my toothache was gone! I alighted from the chair, and stumbling into the outer office, paid the lady in white, and walked out of the door a free woman. With a light heart, I took the bus home, reminding myself to tell my little sister what a naughty girl she was for not wanting to go to the dentist.

### The Life of a Dog: Poodle Style

Poodles live a life of ease  
Without a single trace of fleas;  
They sport the latest collar fashions,  
And only eat imported rations;  
Manicured and well perfumed,  
They take great pains to be well groomed.

### Pooch Version

Pooches, on the other hand,  
Think nothing of living off the land.  
Chasing cats is their great delight,  
And they're always ready for a fight;  
Quite at home in a garbage can,  
Their coats have seldom been touched by man.

## OCTOBER

The dandelions yet are bright  
Under the sheltering hill,  
And yellow butterflies in flight  
Dream of the summer still.  
There is no hint today of frost  
Where brooks still sparkle and gleam,  
And not one ray of sun is lost  
In October's color scheme.

# The Kayak was a Man's Boat!

The Eskimo's Kayak required skill to handle and was used for hunting seal and walrus. The frame was made of driftwood, or even animal bones when necessary, and the women of the village scraped the animal skins and sewed them onto the craft.

All the hunting equipment . . . harpoons, coiled line, darts and knives were secured on the top front of the Kayak.

Now, however, even the Eskimo's hunting methods are modernized and he uses a motor boat with outboard motor. The Kayak that belongs to yesterday, with the romance of the colorful Eskimo life, is preserved in the Bay's Historical Exhibit on the Fourth Floor. See it next time you visit the Bay!
