Principal's Message

I think you, the students of Glenlawn Collegiate have learned the true meaning of this year's motto: "Academic Excellence through Freedom and Responsibility".

Glenlawn students have always shown themselves to excel academically, but this year, your scholastic achievement has surpassed heights reached in previous years. Seldom in the past has the enthusiasm for learning reached this peak.

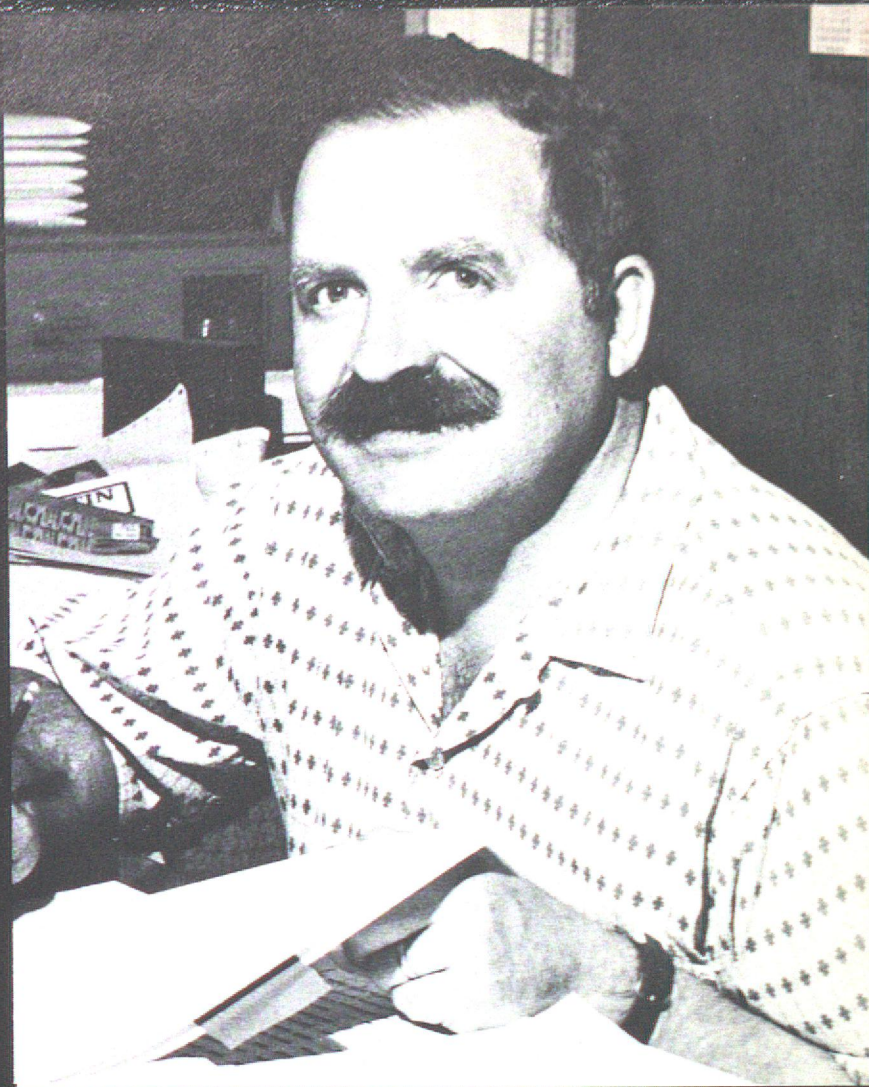

Academic excellence does not come from coercion. It comes from a responsible view of freedom. Freedom involves a choice. You have different paths to choose from. You have a choice in deciding your academic program, your school clubs and your sports activities. These choices reflect your view of freedom.

Along with freedom comes responsibility. You cannot make a choice without accepting the responsibility for your actions. The actions you have shown through your pep rallies, your victories in sports activities and your drive for knowledge prove to me that responsibility is a very real part of the attitude of you, the students at Glenlawn.

The knowledge and maturity you have gained this year through freedom and responsibility will be beneficial to you in the future.

P. Derenchuk
Principal

Vice-Principal's Message

At time of writing the school is finally over. It has been a good, if somewhat hectic year. To the graduates my best wishes for the future. May all your dreams come true and may you succeed in all your endeavours. To all recipients

of awards — my congratulations. Well done!

To those who will return in the fall: have a good summer and my wishes for success in the following year.

G. W. F. Carstead,
Vice-Principal

Presidential Message

It has been a great honour to serve Glenlawn Collegiate Institute, in our capacities as President and Vice-President of the Student Council. On the whole it has been a very successful year. Glenlawn has shown its strength in sports and, this year was also filled with many activities in the field of drama and theatre. At this time we would like to thank all the students and staff members who made the year a success in these endeavors.

In our opinion Glenlawn is moving in the right direction. Our school has always had great representation in sports but recently a start has been made in other activities. A very wide variety of clubs are now available for students to join; thus more students are involved in extra-curricular activities.

At this time we would like to personally thank a number of people for their contributions this year. We would like to thank all student council members

for serving and taking an interest in the activities of the school. We especially appreciate the contributions made towards Grad by Judy Janman and Ralph Fyfe; also all staff members who served as coaches and as club advisors.

Last but not least we would like to thank the student body for supporting the various activities throughout the year.

Remember, school is only what you make it. With the freedom at Glenlawn Collegiate, students can make school a very interesting and rewarding experience.

We wish everyone, especially the Grads "All the Best in the Future."

President
Norm Stewart

Vice-President
Arlene Skagfeld

 Staff Advisors: Mr. Bulow
 Mr. Entz

MAJOR ACTIVITIES

Four successful dances were held this year at Glenlawn. The first and most successful was the Freshie Dance, featuring "The Next". In November, "Mylan Hughes" played at our Sadie Hawkins Dance. At the Christmas Dance the "Spice" played and Don Harris and Linda Craig were crowned Snow King and Queen. The last school dance of the year was held in April, featuring a fairly new band called "Stump Water". This dance was held to wish the French Exchange students Bon Voyage. Special thanks must be extended to Joanne Moon and the Social Club for organizing these dances and also to Miss Fedorick for all her time and effort as staff advisor.

Another major achievement by Glenlawn staff and students was the staging of the Spring Tea in May. Much credit is due to members of the staff and student body who helped make this project a success.

This year, a number of Glenlawn students, under the direction of Mr. D. Cape produced a three-act play and a Variety Show for our entertainment. A tremendous amount of preparation was put into these theatrical ventures. To all actors, actresses, stage hands, and Mr. Cape, many thanks and congratulations.

The Graduation dance was held at the Marlborough Hotel and featured the "Classics". The supper and dance was organized by Ralph Fyfe and Judy Janman and was a great success.

EDITOR'S MESSAGE

In retrospect, the past year seems to have been all worthwhile. Despite the hours the staff put in snapping pictures, editing and collecting advertisements, the ultimate task of summarizing the entire year was no minor achievement. To have had the opportunity to record, on paper, the experiences which we have lived through at GCI has been extremely rewarding.

I would like to express my sincere thanks to the yearbook staff and advisors for the time and effort which they contributed. To Mr. Dow and Mr. Kreton (our expert cameramen) a special salute is due. It has been an honour and a privilege to serve as editor of the 1972 yearbook, and I sincerely hope that with the aid of my staff, I have been able to transcribe onto paper, the general sentiments of our school.
 SUSAN STEEVES
 EDITOR

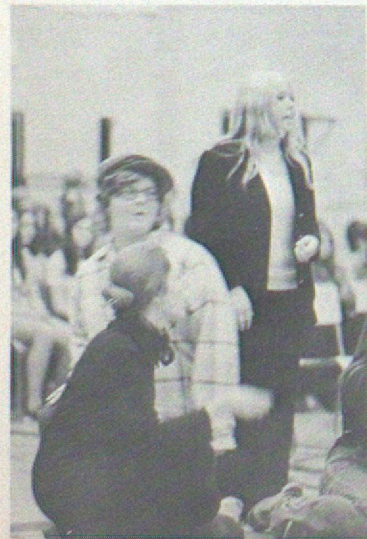

PEP CLUB

I don't believe it would be over-presumptuous on my part if I were to say that the school-spirit in our school revolves around the Pep Club axis. And that is good, — because that's our function. Our whole reason for being is to try to involve as many people as possible in various school activities. Fortunately this task is not quite as difficult as it may appear to be; the reason for this being that the students of Glenlawn already have an ample dosage of school spirit. Our problem is not to create school spirit but channel it into meaningful activities. Most everyone in this school is proud of being able to attend a school with such an out-spoken reputation for sports and academic achievement. The Pep Club concerns itself primarily with the direction and the organization of the spirit that lies in every member of the student body

Next year we will have more than ever the determination to get the students on their feet. We will plan to make Pep Week and the Pep Rallies more successful than they were this year. But, of course, we will need your participation.

R. Raimbault
Pep Club Advisor.

We often hear people talk about "the good old days". But when you stop and think about them you can well ask the question— "What was so good about them?" Electricity and all of the advantages that it brought to everyone was a thing of the future then. Electricity has contributed greatly to the improvement of our way of life. We're more comfortable, we have more leisure time, and we get more things done in a better way. At Hydro we're proud that we can provide such an important service to so many people, service of such a calibre that you can . . . take it for granted.
