Mr. Peter Derenchuk
(Principal)

Mr. George Carsted
(Vice-Principal)

When you first arrived at Glenlawn Collegiate you entered into a different environment. Decision-making processes were thrust upon you more than ever before. You had to make decisions about selecting courses, doing assignments, participating in school activities and behaving in a certain way while at school. This was part of your learning activity.

You also set your own goals of achievement. Some of these goals were met. Others may not have been apparent to you. This too was part of your learning experience.

Self-responsibility became a more powerful tool in your hands. You decided what you wanted to do, when you wanted to do it and how you would proceed in accomplishing your tasks. You were responsible for what happened to you.

These learning processes told you much about yourself. If you felt that you are yourself and you're O.K., then you can now say "I know where I'm going and I'll enjoy getting there."

Let your light shine!

Peter Derenchuk

Mem ories

If you come in here with that camera buddy be prepared to remove cane splinters from your hide.

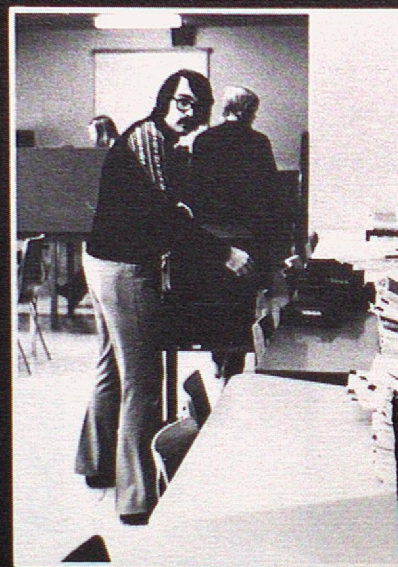

Confidence is one thing fellows, but shouldn't you really turn around when they're serving the ball.

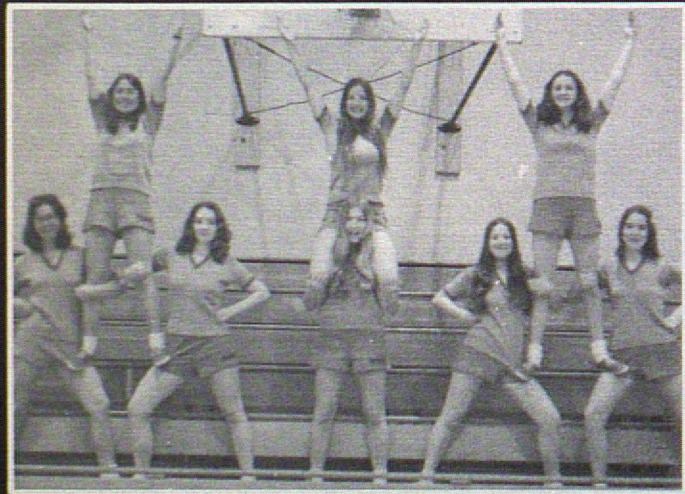

Don't panic, if Mr. Bullock is late, Mr. Keddie can always coach us... come to think of it, let's panic!

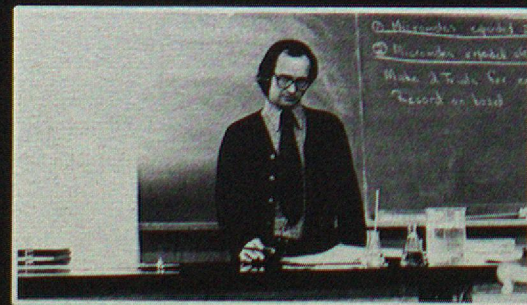

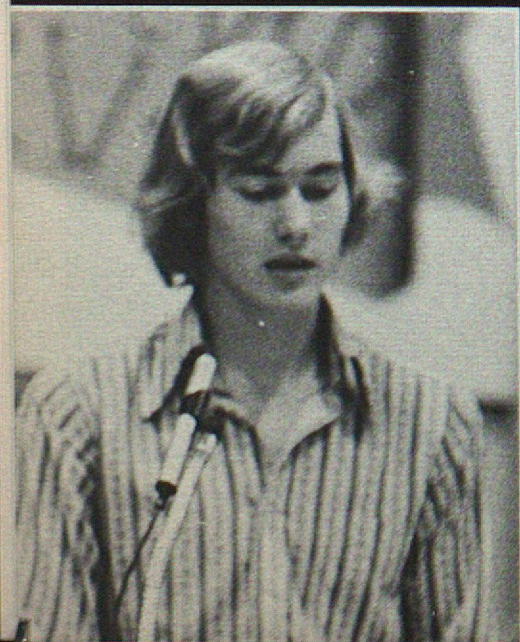

We shouldn't complain, the photographer has been hanging by his ankles for over an hour.

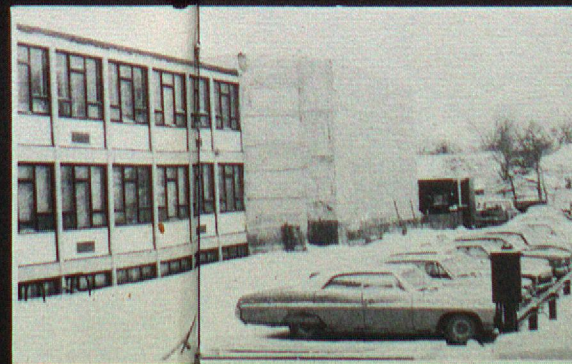

Nobody will ever miss this tape recorder... hee, hee.

What do you mean you caught me working in the talking area of the library?

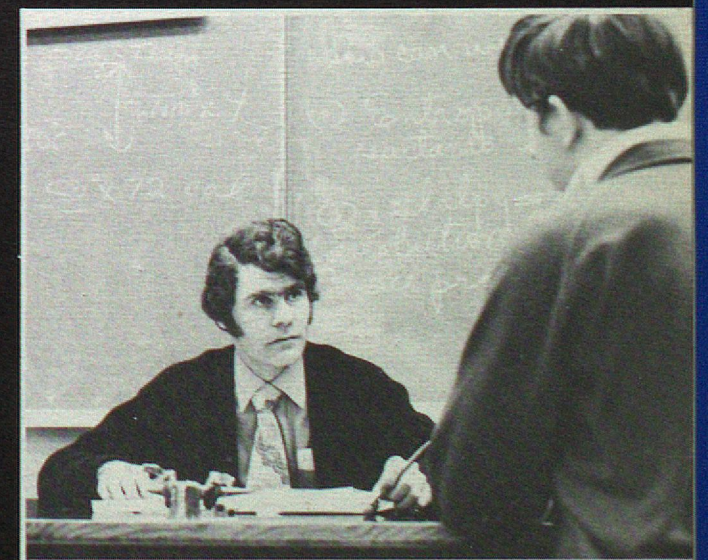

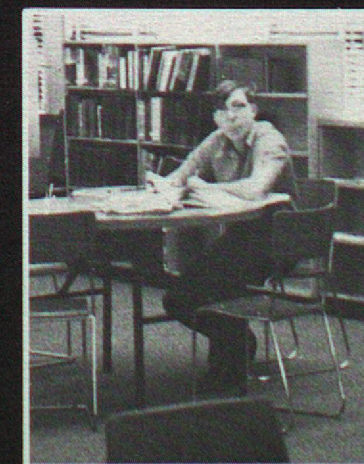

If that's a lemon lime soft drink they brought me in that beaker, how come the straw is dissolving?

The track & field meet has been cancelled due to...

Fire Bell... What Fire Bell?

You were late because you had to take your pet snake to the vet--that's fine, as long as you've got a good excuse.

You know, this game improved 100% when they included live entertainment at half-time.

Franco-Canadian First Glenlawn Exchanges With Paris

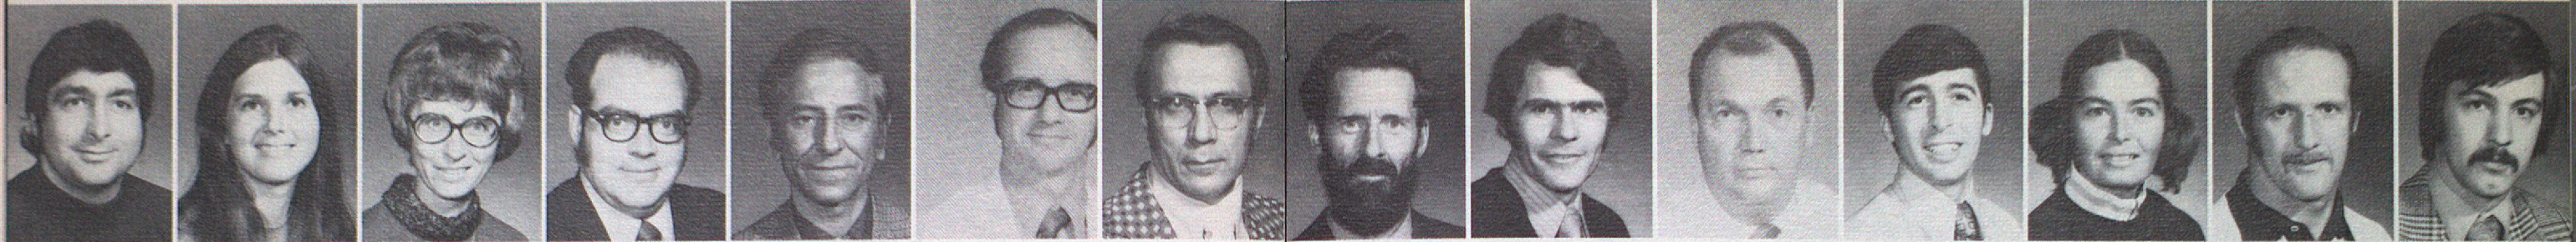

From the 23rd of March to the 25th of April 1973, thirty students from Glenlawn Collegiate and thirty students, ages 14 to 18, from Lesigny and Limeil townships, Paris, France, were involved in a student exchange program.

For two weeks, the Glenlawn students and their chaperones were billeted in French homes and explored the riches inherent in French family life. They attended classes at the Lesigny and Limeil schools and toured the city of Paris.

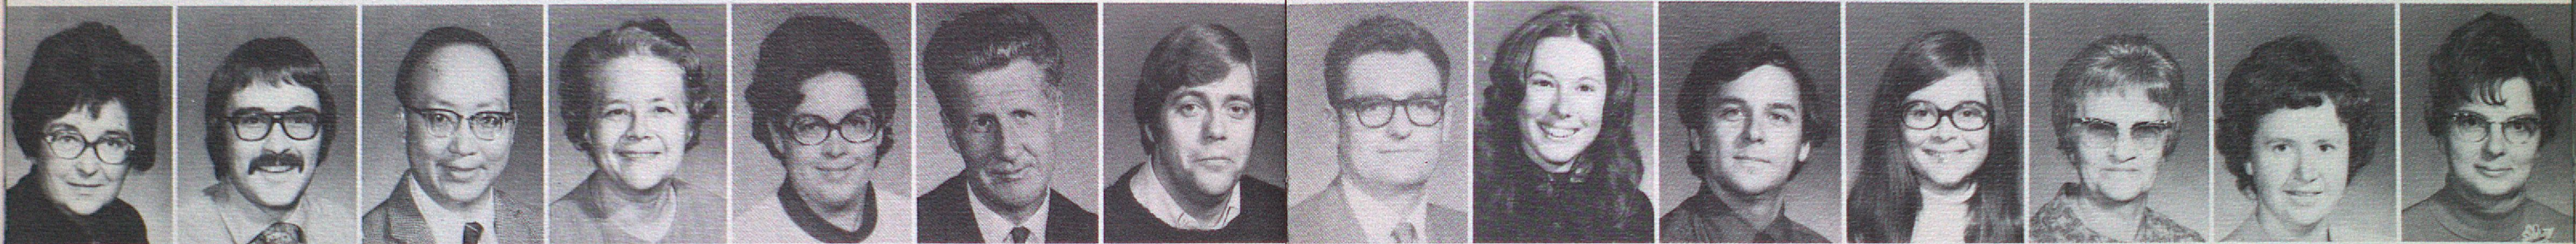

One week after returning to Winnipeg, Glenlawn hosted 15 French students in their homes. Here they attended classes at Glenlawn. Tours and activities of all kinds were planned for them during their stay in Winnipeg. The federal and provincial governments and various Winnipeg firms subsidized part of the travelling costs.

A marvellous educational experience and a great success!
