OLD DAYS

*Old days, good times I remember  
Fun days, filled with simple pleasure  
Drive-in movies, comic books, and blue jeans.  
Howdy doody, baseball cards, and birthdays  
Take me back to a world gone away  
Memories seem like yesterday.*

*Old days, good times I remember  
Gold days, days I'll always treasure  
Funny faces, full of love and laughter  
Funny places, summer nights and street cars  
Take me back to a world gone away  
Memories seem like yesterday.*

*Old days, in my mind and in my heart to stay.*

- James Pankow

## Principal's Message

Anything worth doing must be done with ENTHUSIASM. Ability you must have, but ability sparked with ENTHUSIASM. Use it and you will find yourself constantly moving forward to new forms of expression.

Everyone faces hardships along his chosen path. What carries him through? makes him work and pray with no thought of quitting? ENTHUSIAM!! There is no such thing as being "a little bit enthusiastic". You either are or you aren't. If you aren't, you face failure and boredom.

ENTHUSIASM must sweep into every department of your life - your family, your chosen job, your recreation. Only this way can the inexhaustible force be released in your life and carry you forward, protect you, inspire you, in the art of living.

As you look ahead to a new life, I wish for you success in whatever you strive to do. As a parting message, I share the following with you:

TAKE TIME TO WORK - it is the price of success

TAKE TIME TO THINK - it is the source of power

TAKE TIME TO PLAY - it is the secret of youth

TAKE TIME TO READ - it is the foundation of wisdom

TAKE TIME TO BE FRIENDLY - it is the road to happiness

TAKE TIME TO LOVE AND BE LOVED - it is the essence of life

TAKE TIME TO LOOK AROUND - it is too short a day to be selfish

TAKE TIME TO LAUGH - it is the magic of the soul

## Vice Principal's Message

To day's school may have a large number of various functions to perform. I would like to believe that its main function is still the cultivation of the mind. Your teachers have tilled it by means of a variety of challenges and fertilized it with bits of knowledge and a sense for curiosity. And now, for those of you who are leaving school, the spade work is done and it's planting time.

In the garden of your life, I invite you to plant:

Four rows of peas: Perseverance, presence, preparation, promptness. Next plant three rows of Squash: Squash gossip, squash criticism, squash indifference.

Add four rows of Lettuce: Let us be faithful to duty, let us be unselfish and loyal, let us be true to our obligations, let us love one another.

No garden would be complete without Turnips: Turn up for work and for meetings, turn up with a smile, turn up with new ideas, turn up with determination to make everything count for something good and worthwhile.

And may a little bit of rain and lots of sunshine make your garden grow.

#### THE PRESIDENT AND VICE-PRESIDENT'S MESSAGE

We would like to take this opportunity to thank you for allowing us to serve Glenlawn as President and Vice-President.

Many say that the Student Council is a farce. Others claim it is on the way out; it appears to function only as a social club for planning dances and other activities; and it plays only a token role in the regulation of student finances.

After our experiences this year, we look at it differently. It is not that the above criticisms do not hold true; but we have found a more important purpose for the Student Council. In working for the Council we have learned about people and how they work together - or against each other. It wasn't success or failure of the dance that was important but the experience of interacting with people in its planning and supervising. The ability to plan a dance will not help you much in the future but the ability to work with people is something we must learn and must use all our lives.

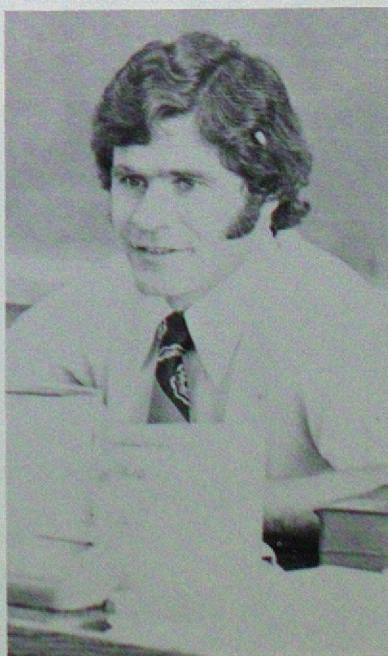

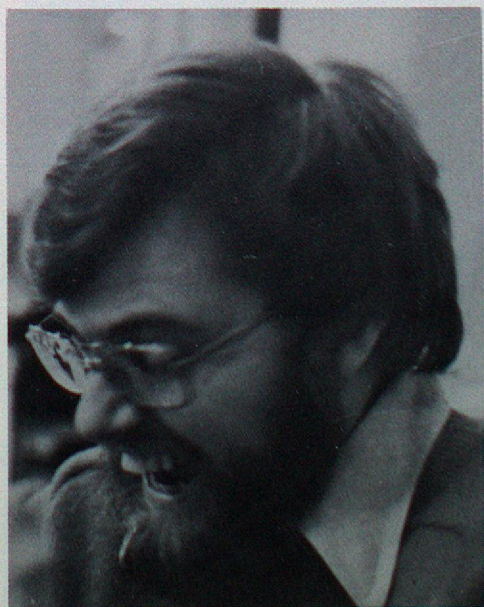

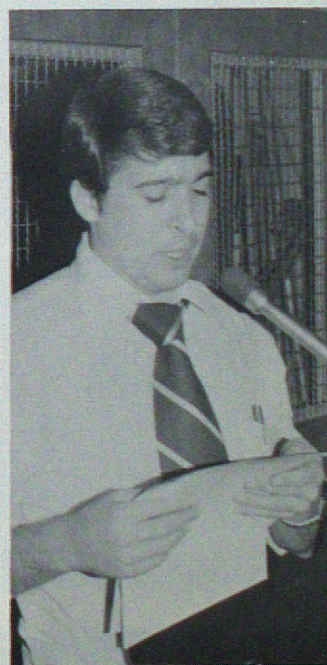

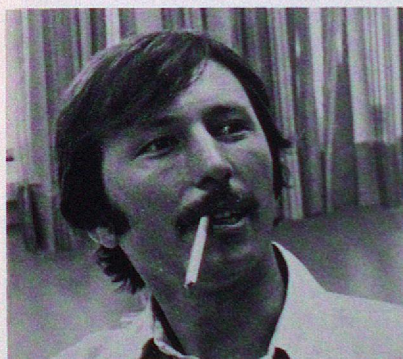

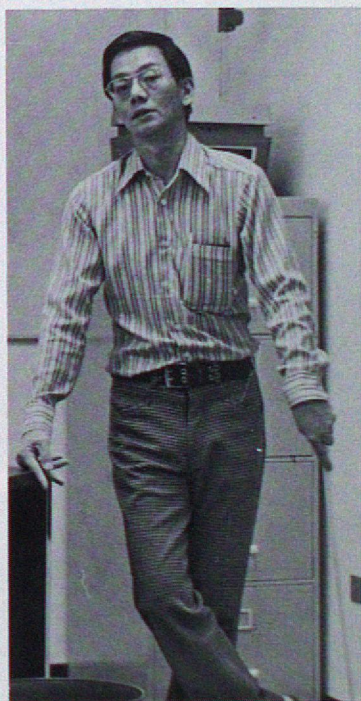

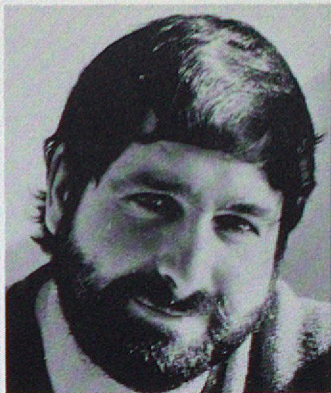

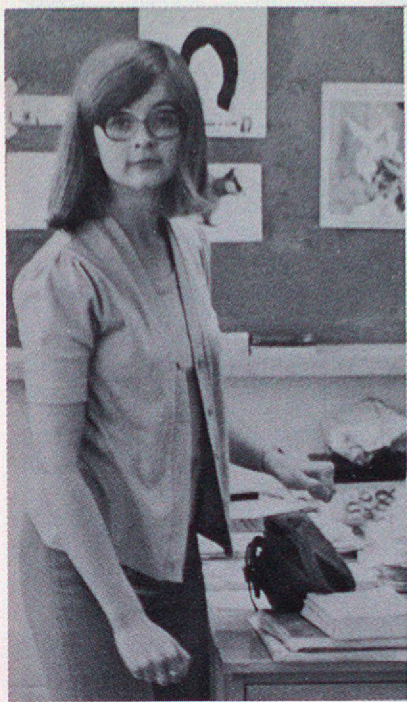

We have gained insight into the mechanics of our school system, and learned not to take everything at face value. We have had the chance to see teachers and administrators as real people, not as teaching machines.

These insights have been gained through Student Council work, but this is definitely not the only place to learn them. The chance to learn is offered through school clubs and teams, in fact, any extra-curricular activity that allows one to extend oneself and meet new people and new ideas. The opportunities are there - it is up to each student to take advantage.

Thank you Glenlawn,  
Best of luck in the future to you all.

Maggie McColl  
President

Stan Clark  
Vice-President

### **GRADE XII BIOLOGY FIELD TRIP**

On Thursday, June 5, 1975 a group of 11 students and one teacher set off for the Whiteshell - Caddy Lake to be exact. They, with their army boots and sweat shirts on, a bottle of insect repellent in one hand, a paddle in the other and knapsacks on their backs, were leaving to take part in G.C.I.'s first-ever Canoe Trip.

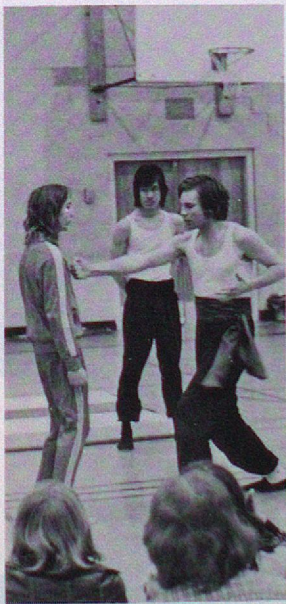

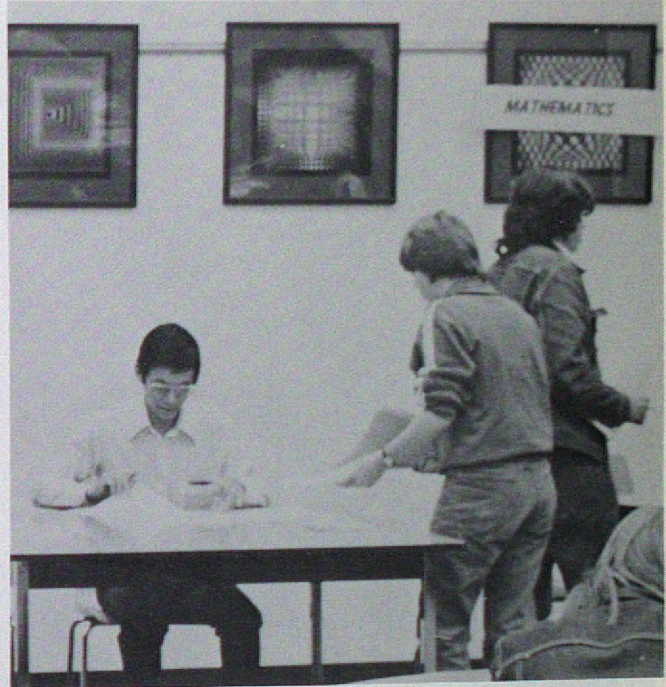

The people who took part in this canoe trip were Chris Cheadle, Stan Clark, Marguerite Deniset, Maureen Dow, Marie Harlow, Nancy Johnston, Anne Lindsey, Maggie McColl, Kathy Michaud, Dave Pedora, Brian Thomson and our fearless leader, "Voyageur Kullman."

We returned on June 11th just in time for graduation.

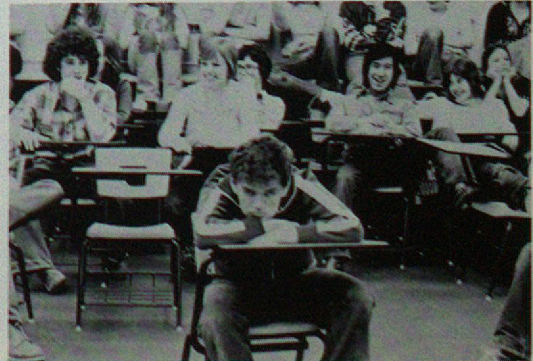

Many thanks to Mr. Kullman for making it all possible and to Mr. and Mrs. Paisley for their chauffeuring services.

We had a great time.

1975 INTERCHANGE ON CANADIAN STUDIES  
By Maureen Lowe

Being a student of Glenlawn Collegiate, I was very lucky to take part in a Canadian Studies Conference. The conference was held from May 2nd to 10th and was attended by students from every part of Canada. In all, over 200 students from across Canada were billeted with families from Winnipeg. The students from Glenlawn who billeted the delegates from Nova Scotia were: Debbie Abraham Evelyn Anderson, Sheila Babaian, Marsha Brown, Debbie Haliburton, Dawn Haslam, John Hutton, Doug Carsted and myself, Maureen Lowe.

The students arrived on Friday, May 2nd. The first two days were open and spent touring the city. The conference started early Monday morning. Throughout the conference many guest speakers came from outside Winnipeg, some of whom were: Max Ferguson, Roy Bonisteel, Don Harron and Doug Roche. They spoke to us on the theme of the conference, "Canadians in Transition."

The conference ended on May 10th, which was all too soon. Many tears were shed as good-byes were said at the airport. We all realized that we could never re-live this week, which was one of the best in our lives.

In conclusion, the Interchange was an important experience for me, and I'm sure for all those students who participated in it. Let's hope they keep having these INTERCHANGES ON CANADIAN STUDIES so other students will have a chance to meet and discuss Canada today.

WHERE DO WE GO FROM HERE?

Every day just gets a little shorter, don't you think?  
Take a look around you and you'll see just what I mean.  
People got to come together and not just out of fear.  
Where do we go from here?

Try to find a better place, but soon it's all the same.  
What once you thought was a paradise is not just what it seemed.  
The more I look around I find, the more I have to fear.  
Where do we go from here?

I know it's hard for you to change your way of life  
I know it's hard for you to do.  
The world is full of people dying to be free.  
So if you don't, my friend,  
There's no life for you  
And no world for me.

Let's all get together soon before it is too late;  
Forget about the past and let your feelings fade away.  
If you do I'm sure you'll see the end is not yet near.  
Where do we go from here?

- Pete Cetera
