# Glenlawn

## '96-'97

*This yearbook is dedicated to  
Mr. J. Kullman  
for his many years of service to the Glenlawn community  
as a teacher, colleague and friend.*

*From the Editors . . .*

*The winds were bitterly cold on this particular week in April 1997. Snow was coming down, not as delicate snowflakes but as hardened miniature snowballs. Who would have thought that a simple snowfall could result in a 44 cm blizzard record in Winnipeg? However, it was not so much the frustration of this long extended hibernation that made the blizzard so remarkable. Rather, it was what the blizzard brought out in Canadians: acts of humanity. This glaze of snow and ice over Winnipeg began a show of passion in Canadians, Manitobans and Glenlawn students while "breaking through the ice."*

*On June 1, 1997, Donovan Bailey's passion for the patriotic win broke through the ice block Uncle Sam had surrounded us with so many years. Racing for Canadians, Bailey officially declared himself the fastest man alive against Michael Johnson of the United States.*

*This great country led by Jean Chretien also made a few scratches on the ice. In this year's federal election on June 2, 1997, Jean Chretien, the leader of the Liberal party, was chosen to remain as the Prime Minister of Canada with a majority government.*

*Closer to home, the flood was perhaps one of the most tremendous, if not, the most powerful ice breaker of the year. In this Flood of the Century in Manitoba, thousands of soldiers rushed in to help sandbag. Residents who were capable sandbagged day and night and made large cash, food and clothing donations. Glenlawn students prepared and transported food, sandbagged and helped evacuees relocate. In just one week, the work done by over 200 Glenlawn students was equivalent to 500 days of sandbagging. Wow! The most incredible thing was that it was done out of the kindness of our hearts. Not one penny was paid, only gratitude.*

*These events at Glenlawn, in Manitoba, and from coast to coast truly labelled 1996-1997 a year of "breaking through the ice."*

**Graduation is not an end,  
it is the beginning of all your tomorrows.**

Students at Glenlawn Collegiate have spirit and a sense of community. Not only did we have over two hundred students on the honour roll, we had over three hundred students volunteer many, many days to sandbag, bake cookies and make sandwiches for flood victims. Glenlawn students have proven that they rise to the top whatever the adversity.

Our students excel, not only in academics, but in musical, drama productions, athletic events, leadership activities, and volunteering time and talent to the community. I am very proud to say that I work with you young people.

As you reflect on your experiences at Glenlawn, I hope you

continue to learn from your mistakes, celebrate your successes, remember your friends and family, and remain faithful to yourself, your life wishes and dreams.

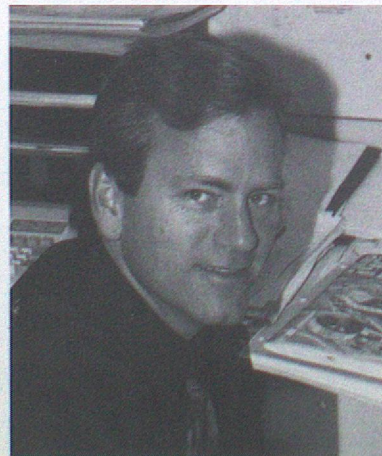

I wish you much happiness in your future, and the joy of succeeding together.

Mrs. D. Bulow  
Principal

Congratulations to students and staff for another successful year at Glenlawn. It has been a pleasure to observe your many individual accomplishments in academics, fine arts and athletics. The most important lessons you will have learned from your teachers and fellow students, however, are about believing in yourself, taking pride in your work, treating others with respect and dignity, setting goals and working together. It is these qualities that have made your accomplishments possible, have earned your school its reputation as a 'great school,' and will serve you well as a graduate. Best wishes in your future endeavours.

Mr. R. Cordingley  
Vice-Principal

This may be the first time or the hundredth time that you have opened this yearbook. This memento of life will grow more valuable as the years go by. Without this record, people and events would be but memories, which over time, fade in quantity and quality.

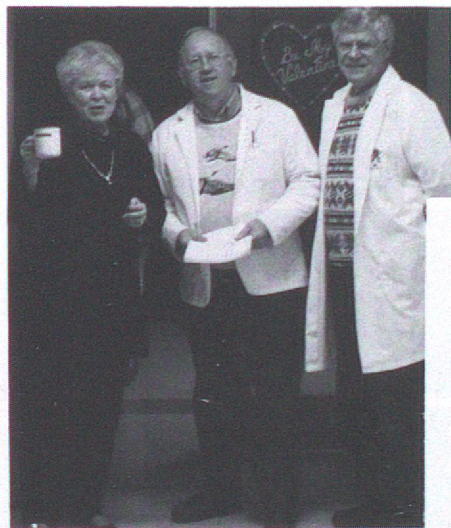

This yearbook is of particular significance to me, as it is a collection of memories of my first year working as a Vice-Principal at Glenlawn Collegiate. It is an outstanding school, filled with energy and spirit that is shared by students and staff. This book will help to remind me of the

many efforts and accomplishments that helped to make this an incredible year. My congratulations to all.

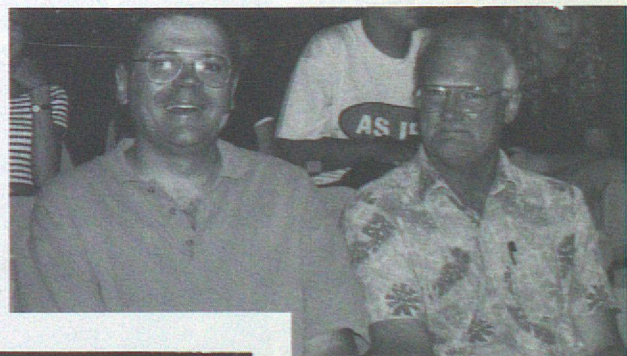

Good luck in whatever you are doing at present. Sit back, then, enjoy with me, the happy memories of Glenlawn that are captured between the covers of this yearbook.

Mr. T. Parsons  
Vice-Principal

# Work Experience

The Glenlawn Work Experience Program has successfully completed its nineteenth year of operation in 1996-97. Glenlawn's Work Experience Program would like to acknowledge and thank our numerous workstations in St. Vital and surrounding areas, who have supported us during this time period. Many of our students have been able to secure employment because of these opportunities available in the Work Experience Program. These photos are examples of our students gaining employment related skills and experience.

# Cathy McConville

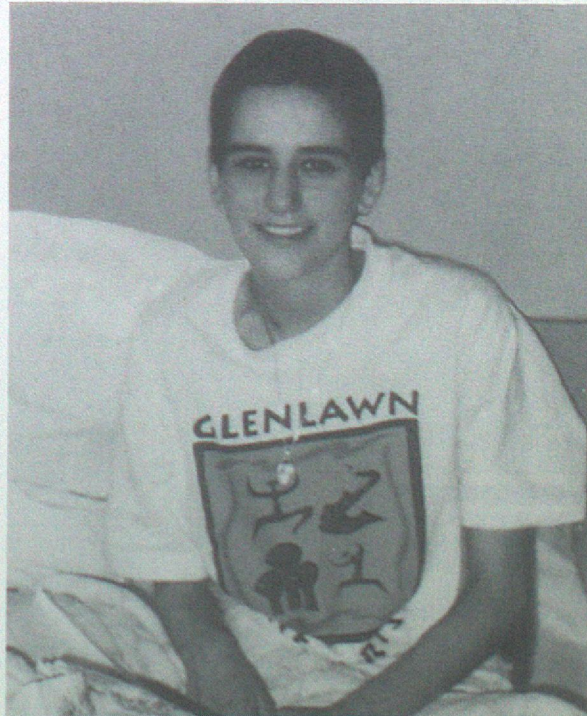

## In Memoriam

Being diagnosed with a terminal disease can destroy a person's faith and courage. Not Cathy McConville. Cathy was an extremely talented and kind person. When Cathy was diagnosed with cancer, her determination, courage and strength became prominent. Even though Cathy was frequently away from classes to receive treatment, her amazing determination resulted in outstanding academic success in several subject areas.

Cathy continues to touch the lives of many. In September, a display of Cathy's and her father's art work raised \$2500.00. The ongoing sale of two prints of Cathy's work has raised a total of \$5000.00 for Pediatric Oncology in Winnipeg.

Honour, courage, strength and humility... Cathy possessed all of the qualities that every Glenlawn student should strive to attain.

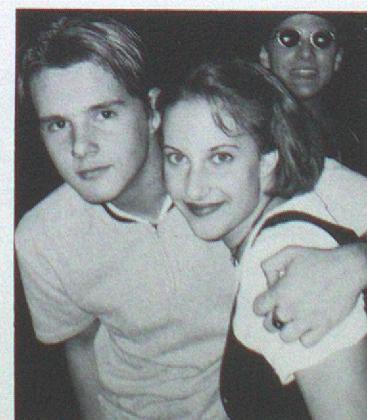

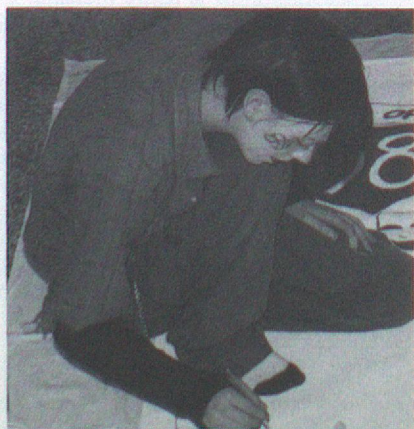

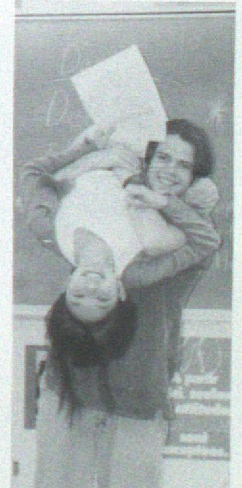

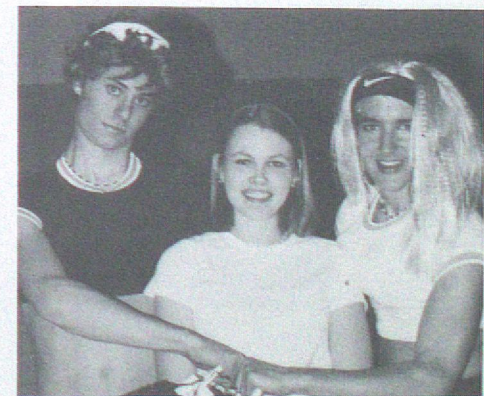

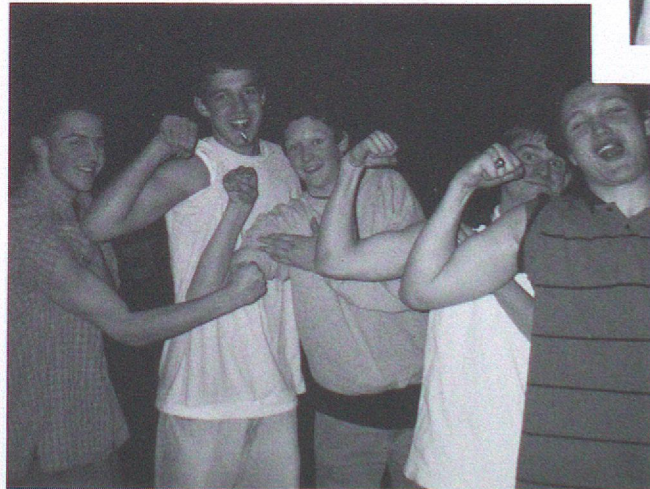

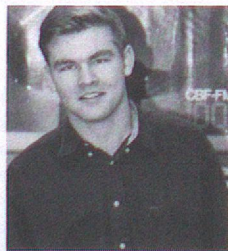

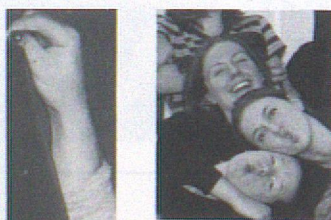

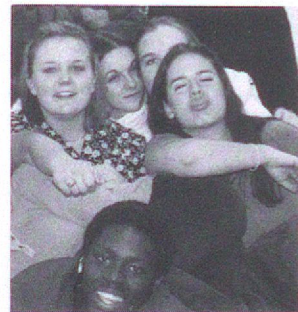

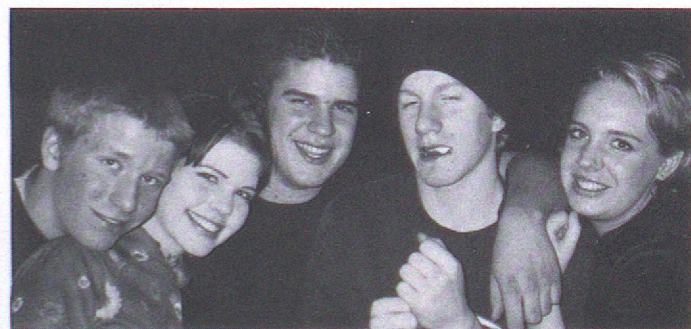

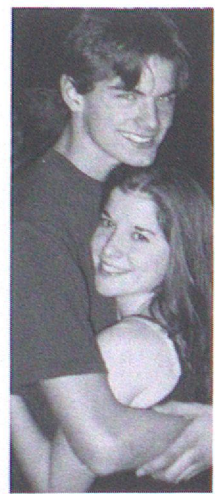

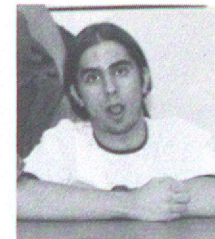

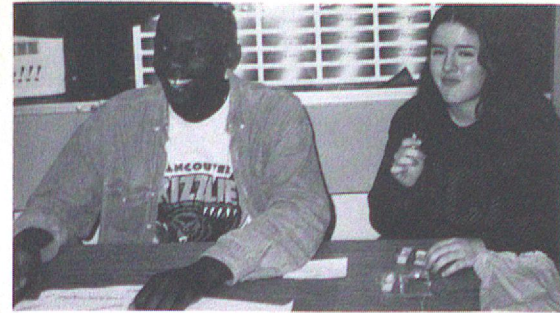

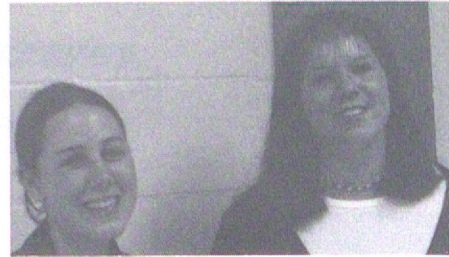

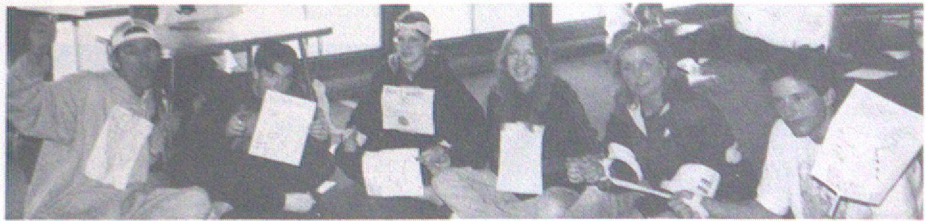

Leanora Joseph

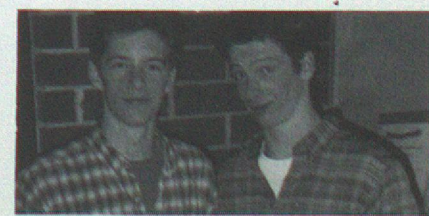

School was a very important part of Cathy's life, especially in those final sixteen months. Being able to get to school meant so much to Cathy during her illness. At school she was able to be a normal teenager again, and she wanted that more than anything. We are very grateful to everyone at Glenlawn who helped Cathy through the tough times, and there were many. Her courage gives us strength when needed most and we are proud that her memory will live on at Glenlawn through her art displayed in the library. Thank you.

Grade 10 Cheer 'The Addams Family'

We might be young  
But we know how to have fun.  
We'll show you how it's done.  
Grade 10 is gonna win.

Forget about the rest  
Cause Grade Ten is the best.  
We can pass the test.  
Grade 10 is gonna win.

Cool...School...We rule!

We're ready to take aim.  
Grade 10 is our name.  
Our spirit's hard to tame.  
Grade Ten is gonna win.

MAY THE FORCE BE WITH...

Grade 11 Cheer 'Heigh-Ho'

Grade 10, Grade 10  
They've tried their best to win.  
They've had the fun,  
but they're still young,  
Grade 10, Grade 10, Grade 10, Grade 10!

Grade 12, Grade 12  
Now what rhymes with Grade 12?  
This time next year,  
We'll miss them dear,  
Grade 12, Grade 12, Grade 12, Grade 12!

Grade 11, Grade 11  
We think we are in heaven,  
Our spirits soar,  
With the lion's roar,  
Grade 11, Grade 11, Grade 11, Grade 11!

Everyone, Everyone  
We've had a lot of fun,  
This week's been great,  
Let's celebrate,  
'Everyone, 'Everyone, 'Everyone, 'Everyone!

Grade twelves have got all the spirit  
Grade elevens come half way  
Grade tens are the clueless new kids  
Glenlawn's finest shine today

Hey! Teachers, grant grade twelves the throne!!  
All in all it's just another win for grade twelves

We have got more education  
We have more experience  
Loving and enthusiastic  
The rest of you don't stand a chance

Today we find out who's the best  
It's been so lovely beating you all  
We must admit we are impressed

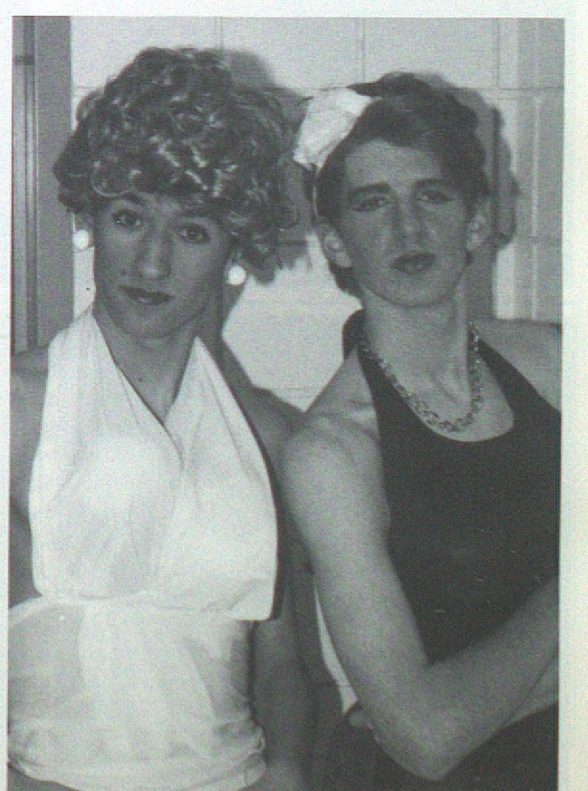

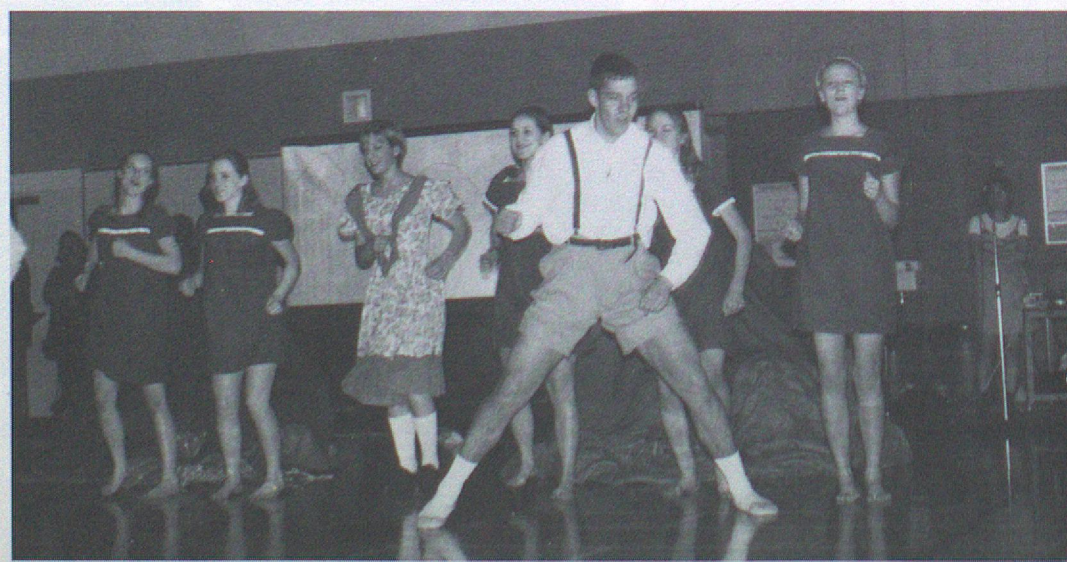

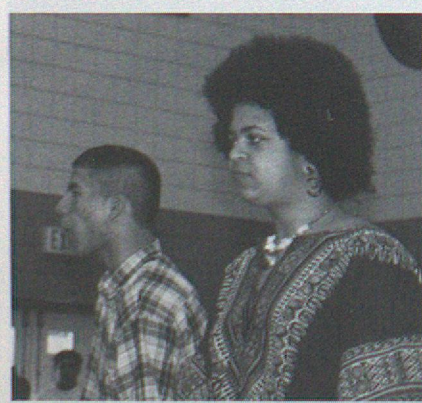

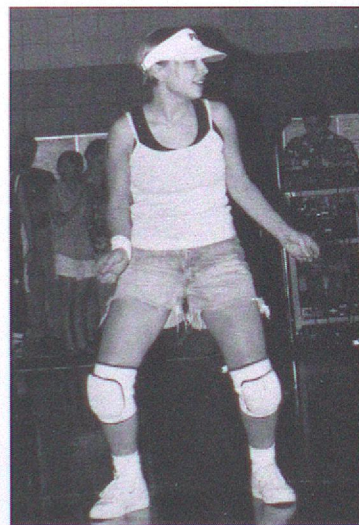

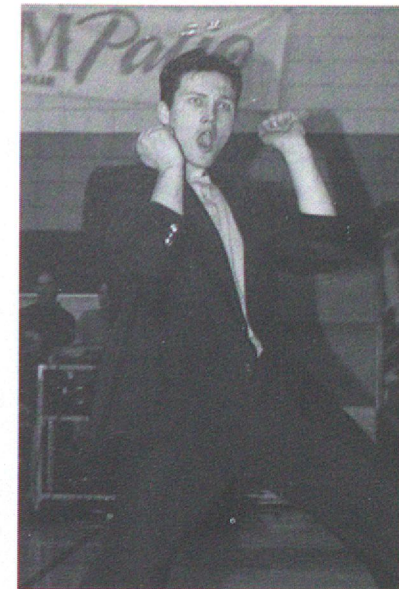

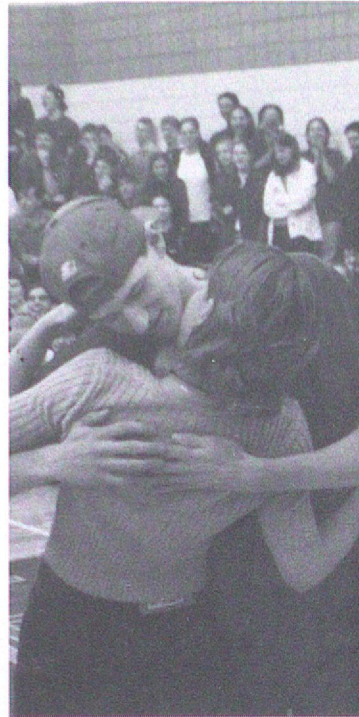

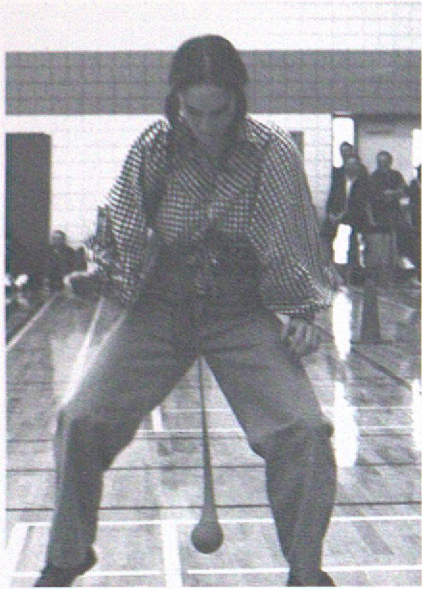

Hey! Teachers, grant Grade twelves the throne!!

All in all it's just another win for Grade twelves  
All in all it's just another win for Grade twelves

# Student Council

Student Council this year has truly brought G.C.I. to life. On Opening Day, the council began the year by welcoming the S2's to Glenlawn with a BBQ lunch. Since then, the council has organized several successful dances. However, the most exciting event organized by the council was Spirit Week: a time where guys dress up in ballerina tutus, and the G.C.I. Spirit roars the loudest. Although the council introduced a variety of activities, one introduction will carry on the G.C.I. Spirit legacy - the bringing to life of the Arthur the Lion mascot. With the financial contributions from the student council, sports council and administration, and the talented craftsmanship of Mrs. Muldrew, Arthur was made a reality. Though each year student move on, the Glenlawn Spirit will always remain visible in Arthur. Picture below: Arthur and Mrs. Muldrew  
*Lin Yang*

Throughout Spirit Week all grades competed in numerous activities. The Penny Race was of special significance to the Senior 4's. As the winners of the event, they determined who would receive the donation of all the pennies. Their choice was the 'Children's Wish Foundation of Manitoba,' in memory of Cathy McConville, one of their peers who died of cancer July 5, 1996.

Special thanks goes to the staff and students of Glenlawn's Community Living Skills Program for rolling over six hundred dollars worth of pennies, to Quality Vending for services for finishing the packaging of the pennies, and to ALL the students of Glenlawn who contributed to the total of \$1200.

*Mrs. Sharpe*

A big thank you to Wes Vencatasamy, Alana Poersch, Jenny Krotch, Natalie Rajotte, Natalie Coolidge, and Delaney Miller (secretary) who put in a lot of extra time to make these events possible. Good luck to the sports council next year!

Students from Glenlawn were given the opportunity to be delegates to the Encounters With Canada and Forum For Young Canadians programs held in Ottawa. Students learned about government, law, science and technology, arts and culture through simulations, conferences, group sessions and discussions with experts and key decision makers in their fields. They toured the capital region and met students from across Canada. Students who participated in these programs brought a greater understanding of Canada and the people of the country back to Glenlawn to share with other students. Thank you to the School Administration, the Student Council, the St. Vital School Board, and all other sponsors who help make the students' participation possible.

Yvonne Van Den Bosch

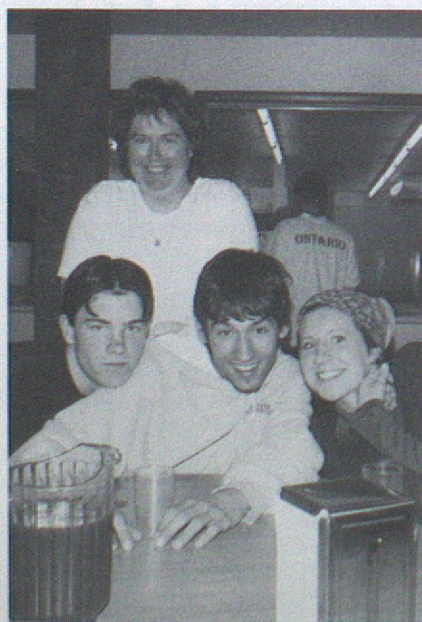

# Leadership

The '96-'97 school year was one in which leadership students made a large impact on the Glenlawn atmosphere. Having over 30 students involved in the program, the group was able to accumulate thousands of practical and theory hours. However, it is not the hours that we have collected that were important, but rather, the manner in which we have put these skills to use in both the school and the community. The year's successes were culminated in two amazing days that are referred to as Camp. Our thanks go out to Mrs. Nordheim for her guidance, which enabled us to run a student initiated camp, from organization through to presentations and criticisms. The two days consisted of a number of blockbuster presentations that gave not only the listeners a chance to learn something new, but the presenters also. Through planning and presenting, it was inevitable that something would be learned, if nothing more than how it felt to be the teacher for once. All in all it is impossible to sum up the year in a fashion that is representative of all that we take with us when we eventually leave Glenlawn. The skills and more importantly, the memories that we share are invaluable and will remain with us as we are thrust into the real world.

# T.O.P.S.

The TOPS (Teens Offering Peer Support) program seeks to increase students 'helping skills', and knowledge of common issues that affect young people. Students are taught to be sensitive listeners who use communication skills to facilitate the growth and development of their peers through self-exploration and decision making. They are also made aware of appropriate community resources that assist students. Meetings are held every two weeks during regular class time.

# Junior Achievement

Junior Achievement is a non profit international organization designed to give teens a practical look at the business world.

One of the Junior Achievement companies in operation at Glenlawn this year was Makin' Scents. The company produced and sold decorative potpourri hangers. It was a successful endeavour that allowed the company to give a positive return to its shareholders.

Company members found Junior Achievement to be a great learning experience as well as a lot of fun.

Sylvia Dong

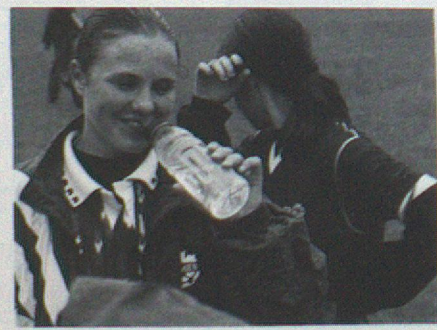

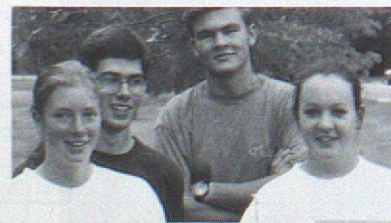

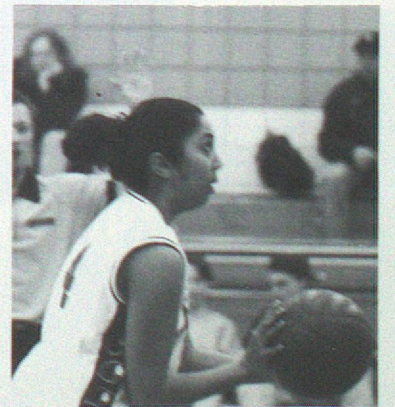

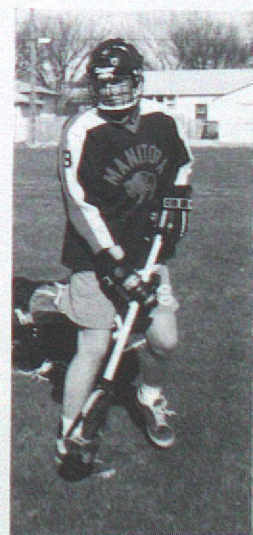

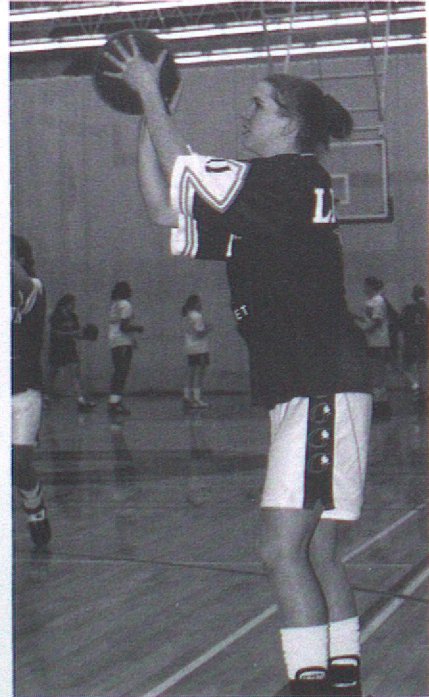

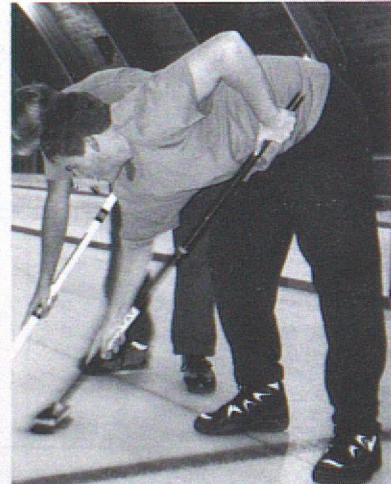

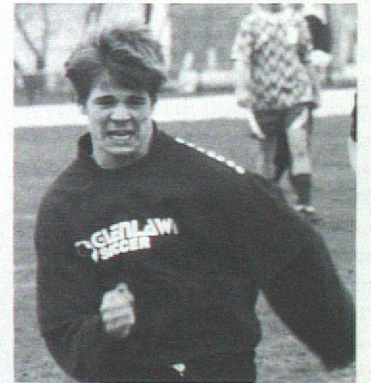

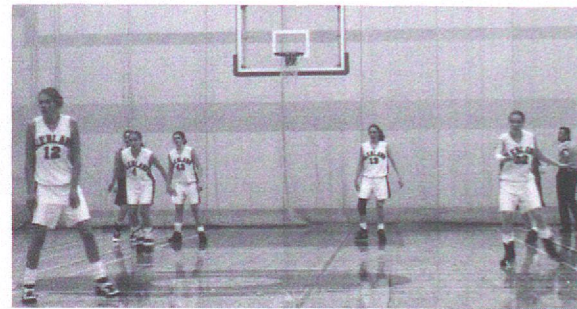

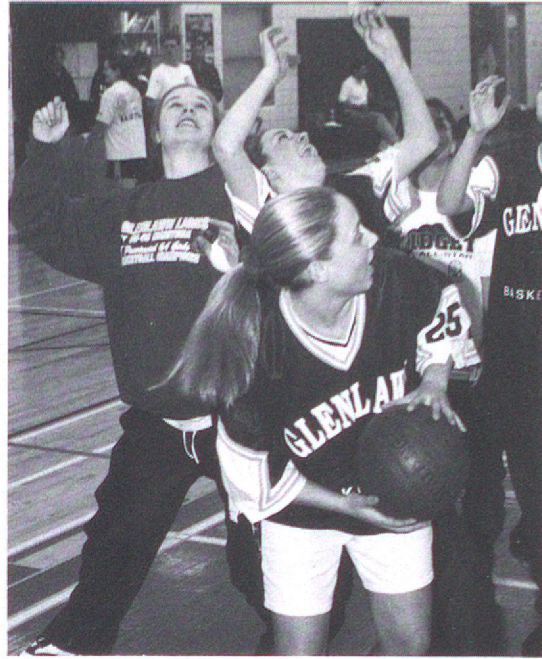

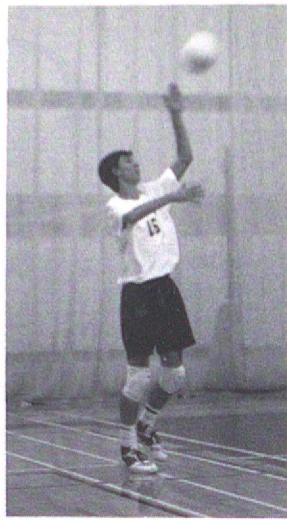

This year's Junior Achievement company was made up of twelve achievers and four advisors. Our company was named 'For All Occasions' and was sponsored by the Toronto Dominion Bank. We chose to produce pig fridge magnets which in turn proved to be successful. At four trade fairs, which took place at local malls, we were proudly presented with four awards including first place for top unit sales. We thank the shareholders for without them, this venture would never have occurred. Each one was presented with full share value in return plus a 9% dividend. The year was a great educational experience for all of us, but most importantly, we had fun! See you next year!

# Cross Country

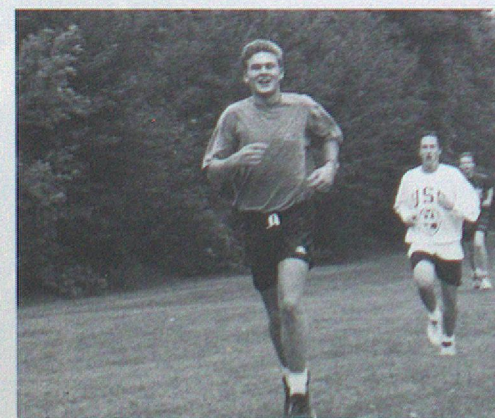

The first meet of the year occurs within two weeks of school beginning, and the season is over within 6 weeks. This year the first meet was on September 12 at St. Vital Park. Glenlawn's Laura Mathison, Lisa Kennedy, Brian Champagne, Matt Muir, David Muir, Daryl Dyck, and Gerald Murphy comprised our entry to this meet, coached by Ms. Howell and Ms. Tanner.

The following meets were held at La Barriere Park. By this time Erin Boutang, Roger Delmaire, and Kurt Keam had joined the Glenlawn team. At each outing, times improved, placing improved, and athletes could see the results of their hard work. By the final meet, Lisa Kennedy had risen to 2nd place in the Junior Girls event, and Daryl Dyck had risen to 6th place in the Junior Boys.

Provincials were held in Teulon, with Roger Delmaire, Kurt Keam, and Daryl Dyck entered. Roger finished in 15th place provincially, in at time of 20:11. Kurt placed in the top 30 finishers, with a time of 21:07 while Daryl clocked his fastest result of the season.

Congratulations to all Glenlawn Cross Country athletes for an excellent season.

Ms. Howell

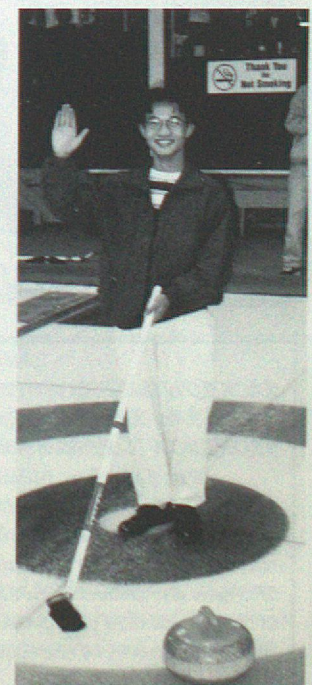

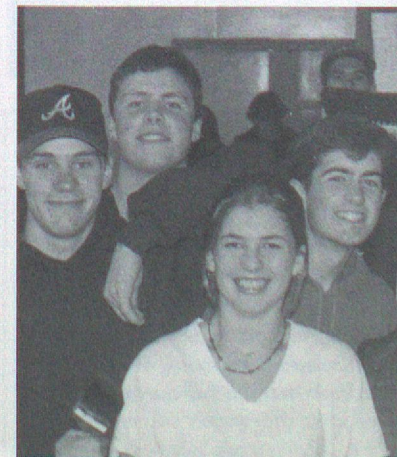

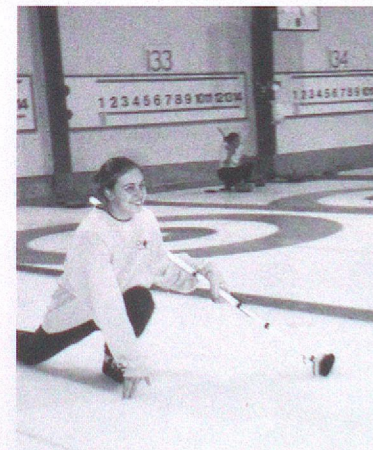

# Curling

Glenlawn's curlers had a most successful season full of good curling and good fellowship. Dan Chubey, Larry Laroque, Adam Bemister, and Dave Laxdal were the Aggregate and 'A' Group Champs. Chris Cockburn, Kevin Buckner, Marcus Enns and Leah Dupasquier won the 'B' Group. Dave Conan joined Dan, Larry and Adam to win the Cloverleaf Boys Championship. They represented the Cloverleaf at the Provincial High School Championships in Gimli. Michelle Schoemperlen, Sara Harrison, Dawn Turner, and Yvonne Van Den Bosch were runners-up in the Cloverleaf. Well done!

This season Glenlawn fielded its first ever lacrosse team. The season consisted of a 6 game schedule and at the end of the year a Provincial Tournament. The team finished the season with a 1-4-1 record. This does not reflect how well the team competed as they lost two games by only one goal. The season came to an end in the semifinal with a loss to St. John's who went on to win the tournament. A special thanks goes out to Coach Parker who made the whole season possible. Without his dedication and hours of time spent we could not have had a team. Also a thanks goes out to the school who actually supported a game in which slashing and cross-checking is encouraged.

# Band

Band students this year have had many wonderful musical opportunities and enjoyed countless successes. The grade tens quickly united as a 'Glenlawn Band' and surprised us all with their talent and enthusiasm. The jazz bands' trip to Bemidji was enjoyed by all, and senior jazz came together like never before performing 'Spain' and 'I Remember Clifford' at the evening concert. The Rocky Mountain Music Fest provided an incredible experience for band, jazz and choir students. We'll never forget Jen discovering the mountains, the infamous escapades of 'Buddi Bull' or the Wind Ensemble Showcase Concert. Thanks to the many wonderful people who continue to support us, and to Mr. K and Mrs. Bourbonnais for exploring with us the power and joy of music.

*The trip to Banff in April was the highlight of the year. The choir's hard work certainly paid off in the performance and the workshop was educational and entertaining for all.*

# A Midsummer Night's Dream

William Shakespeare's  
A Midsummer Night's Dream

This year's Theatre Production, A Midsummer Night's Dream, was a huge success. The show was filled with magic, complete with potions, fairies, fog, and true love. Of course what was most impressive was the talent shown both on and off stage. On stage, the actors and actresses dazzled the audience with their abilities at handling the difficulties of Shakespeare. Behind the scenes, the efficiency and organization of the crew in charge of sound, lights, set, and costumes all added to the success of the show.

Special thanks go out to directors Mrs. Quinton and Ms. Oswald, producer, Mrs. Jain, and Mrs. Enns, who was one responsible for the beautiful costumes that helped the characters come to life. Erica Best is to be given thanks for her role as dance choreographer and instructor to the fairies. Mention must also be made of Lyndsay Irvine whose original artwork was the design for both the set, costumes and the posters.

Under the guidance of the directors and producer, both the cast and crew had fun while working hard to make Shakespeare's Midsummer Night's Dream a reality. Congratulations!

This year's musical was Bye-Bye Birdie. Produced and musically directed by Marilyn Redekop, it also involved the artistic direction and choreography of Maria Kives. Mrs. Enns, and the rest of costume crew wore out several year's worth of patience measuring and remeasuring the cast for pastel uniforms, which the cast wore proudly (as soon as we accepted the fact that 'bright pink happens'). Once we figured out right from left (and steadied the tabletops!) dancing became a lot easier and fatalities less common. The band entered the scene about a month before performance. They struggled and triumphed over difficult music, dim lighting, and pestilence, to give an outstanding performance. Even though they'd been with us for a short time, they were definitely considered part of the gang by the end of the run.

Once again, Joyce Storey helped with some finishing polish. THANKS JOYCE!  
 Despite all the difficulties, we pulled together to make for an entertaining show. Even though the teenie-bopper screams got a little annoying at times, we managed to have fun.

# Valedictory Address

Finally the question, 'Are we there yet?' has been answered, and as I look out at all of you, I ask the million dollar question: 'What the heck do we do now?'

I dare to say that, up until today we have been jumping through hoops. We have been running blindly, it sometimes seemed, through a maze of English projects, band concerts, basketball games, drama productions and more English projects. But we have made it! To the big cheese! To our day! A day that brings with it tears and smiles, anxiety and apprehension. For we all realize, at this point in time especially, how we have made it this far. We look into the eyes of our friends, teachers and parents knowing that without each and every one of them we would not be here today.

To our parents who sent us off to school with smelly markers, who read to us before bed, the same book fifty gazillion times, and who let us borrow the car... who force fed us our vegetables, who gave us first birthday parties and taught us to ride a two wheeler... who packed us lunches that we traded with each other and who stuck with us through thick and thin. Thank you.

To our friends who cried with us through our various and numerous heartbreaking times... who whined with us when the work seemed to pile up... who talked with us until three in the morning about absolutely nothing... who laughed with us at Kevin Penner, and who yawned, gabbled, screamed, sneezed and worked their butts off along with us. Thank you.

To our teachers, like Mr. Kullman who had a connotation if we'd 'forgotten' to do our homework, or Mr. Poulter who, on a restless day, offered the infamous 'story time voice' to get us concentrating again, and who was approachable nineteen out of twenty days. To Ms. Oswald who made us break out into hysterics almost daily with her witty, heart-warming and sometimes brutal comments, and who was there if we needed to talk. Well, except to Matt Bachinski, who received a daily swat for gabbling while she was talking; It's rude you know. Then there's Mr. Kenal who, as Michelle Bertrand would say, 'was never caught without a smile on his face, or a Diet Coke in hand' and there's Mrs. Nordheim who was always there to help, even if she was missing thirty other appointments to do so. To all, we must all give a true and genuine thank you.

This has been a year of growth and change for all of us. The teachers were shocked out of their shells to see Shanna Clark, 'the shy girl from grade ten', jump up in front of everybody in Spirit Week to play the part of the peppy cheerleader. And who can forget Aaron Nelson and Dave Laxdal adorned in lederhosen playing the part of the Von Trapp family children? As the year drew to a close we were reminded more frequently that we are still children at heart. This realization was brought about by the countless hours of colouring that darn children's book and the giggling that filled the room during Stef Doan's reading of 'The Stinky Cheese Man'.

This has also been a year of confusion filled with questions like, 'Where we are going?', 'How we are going to get there?', and 'Who's going to finance the whole shenanigan?' Perhaps the only thing for certain is the difficulty that we must now face and that the inevitable tears we will cry will make the recent flood seem a drought. Above all else we have realized that by working together we can overcome any obstacle, including the flood of the century, which Jacqueline Dubois credits to have cancelled the rugby season; something that Leanora is still mourning over. The flood tore apart our homes and stripped many of their energy and altered the meaning of everyday life. But we got through it and thanks to 35,000 sandbags, a mud dike surrounding three sides and the superhuman efforts of the staff and students, Dale Davies' s house was one of only five south of the perimeter that remained dry. In grade ten, we thought we knew it all, however, throughout the years, we have found that we don't know all the answers, especially on those Physics tests that Mr. Poulter writes in another language or Mr. Humphrey's tests for that matter, which are based on everything but the unit covered. Perhaps the scariest feeling of cluelessness came when writing this speech, a challenge which many of us faced at the end of grade twelve 'English'. To sum up three years packed with best friends, worst enemies and first loves in a few words seems impossible, and it is.

But the good news is that life is going to get harder. Whether we are going out to the workforce or furthering our education there will be no more 'spoon feeding' as Mr. H. would put it. We will be faced with issues that will be more controversial than the near riot-provoking children's book. We will find out first hand if we are prepared for all that awaits us. Are we prepared to stand up to Judge Waddle, who blamed a twelve year old girl for her own rape because she babysat and 'seemed very mature'? Are we prepared to support increased funding of public schools where everyone can go to learn, not just the financially advantaged? Are we prepared to decide where we stand when it comes to the issue of capital punishment? Being the blood-thirsty voyeurs that we are, we will watch Timothy McVeigh receive a lethal injection and I will ask myself: as a humanity, does this act enrich or diminish us? Are we prepared to 'play God' and allow genetic engineering to take place, where genes are isolated, destroyed or duplicated for the health and profit of humans? Are we prepared to make intelligent choices about love that are not based upon the color of one's skin, their sexual orientation or their privilege of birth? Are we prepared to demand more than 'daytime trash', like Montel Williams and Ricki Lake, and mind-rotting sitcoms like Married with Children? As Margaret Atwood said 'one of the first efforts of any totalitarian takeover is to suppress the writers, the singers, the journalists, those who are the collective voice.' We need to decide if we are prepared to protect, value and demand more from our artists.

The answer is as Winona Ryder in *Reality Bites* said quite nicely, 'I don't know.' But what I do know is that Glenlawn has given us both the desire and ability to 'stand up and be counted!' In the past three years we have been motivated 'to use our voice to utter fully human speech if possible,' as Margaret Atwood would put it. And now it is time to put our voices to the test. For along with our freedom of choice comes massive responsibility, to society and more importantly to ourselves. We must open our eyes to the world around us and we must not forget what our parents and teachers have taught us: to stand up for what we believe in and always demand better. Living in the best country in the world sometimes causes us to take our rights for granted. This cannot happen any longer.

For most it is the fear of failure that looms within our hearts as we are now a commodity, to be bought, sold, hired and fired; some of us more often than others. After all this work we now have to live up to all the requirements that we set for a dishwashing detergent: we must bear a fresh scent, be a hard worker, do a spotless job and be economical about it all. This is not to say that we've nothing but the nasty horrible real world to face, for we have a lot to look forward to. I hope you are all aspiring to more than the lofty Ben Loman 'who went into the jungle at the age of seventeen, came out at the age of twenty-one, and by God he was rich?' Rather than get-rich-quick schemes we need to concentrate on family and friends, for in the end, that is what will give us the greatest fulfillment. We must remember not to live our lives on fast-forward as we cannot rewind later.

And so, we hurtle down the superhighway out of our parents sight, that is those of us who move out before we're thirty, and we must remember the lessons that we have learned this year due to the experiences of others. From John Updike's great story *A&P*, Sammy teaches us that we must pick our battles, and from *Hamlet* we have learned that 'thinking too precisely on the event' only complicates things. From Jerry Maguire's idol we learn that if this (heart) is empty than this (head) doesn't matter. From the Trix rabbit we learn that by the time you get the darn cereal, you're out of milk. From Ingmar of *My Life as a Dog* we learn that real life stories should be told while we are well. Most importantly, we need to celebrate the joys of life - be it tackling someone really hard in rugby or eating Jell-o with no hands... be it driving with the music too loud, eating chocolate chip cookie dough until we barf, making snow angels in shorts and a T-shirt, or simply being a nacho-nacho man. We must recognize the fact that it is good to be a freak, and being a freak is what will drive us into the new millennium. Ryan Brackgen said it well when he quoted Piggy of *Lord of the Flies*, 'We've just got to go on, that's all. That's what grown-ups would do.'

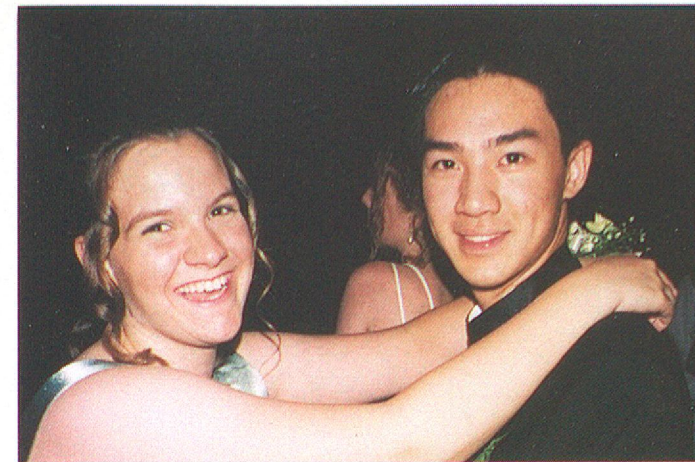

Thank you and good luck,

Stacey Bynkoski

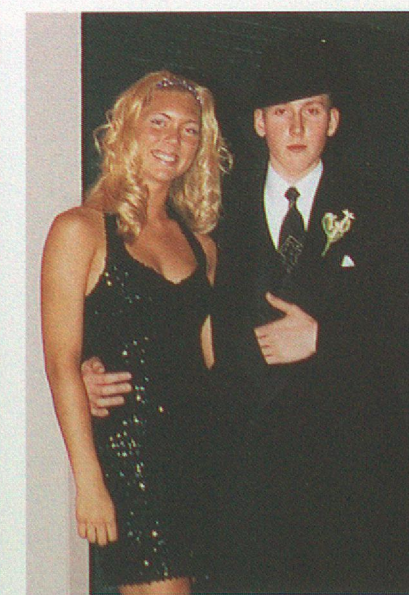

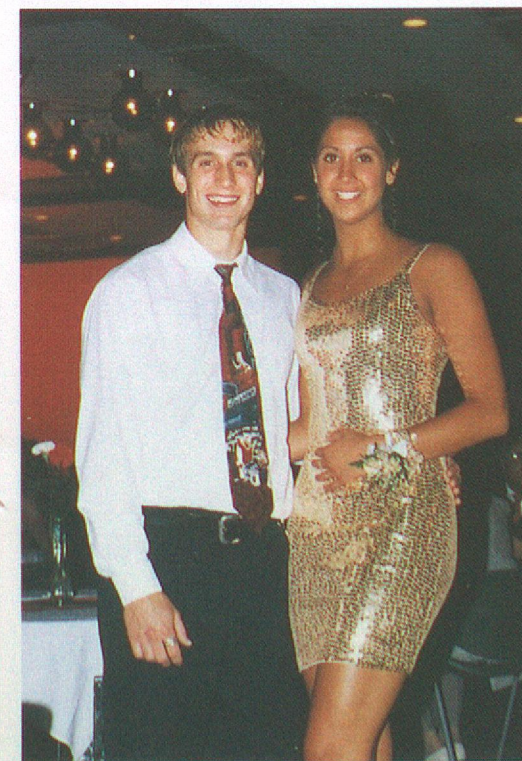

# Grad Dinner and Dance

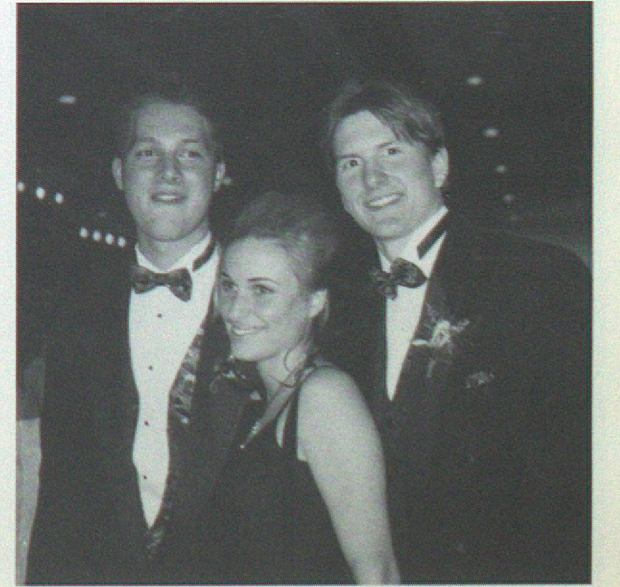

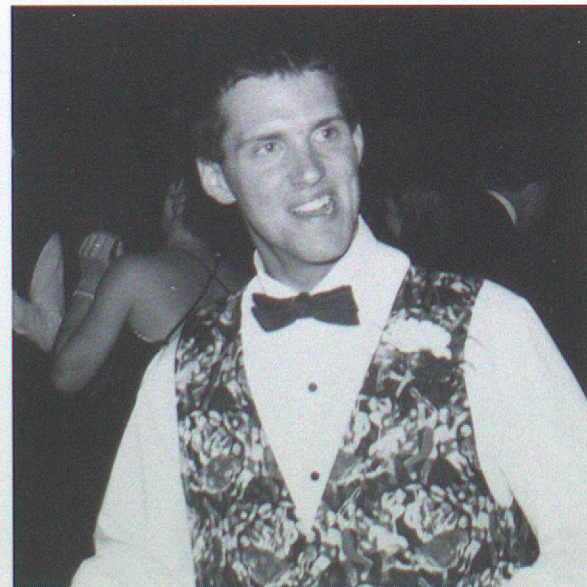

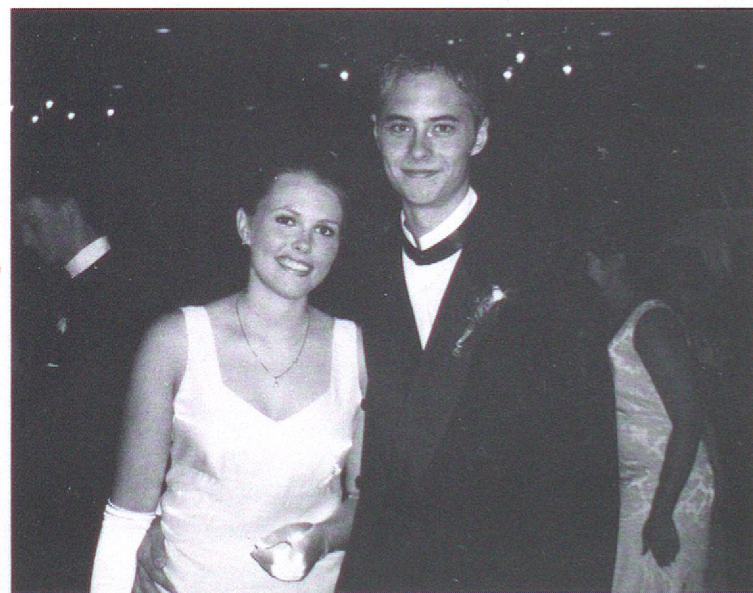

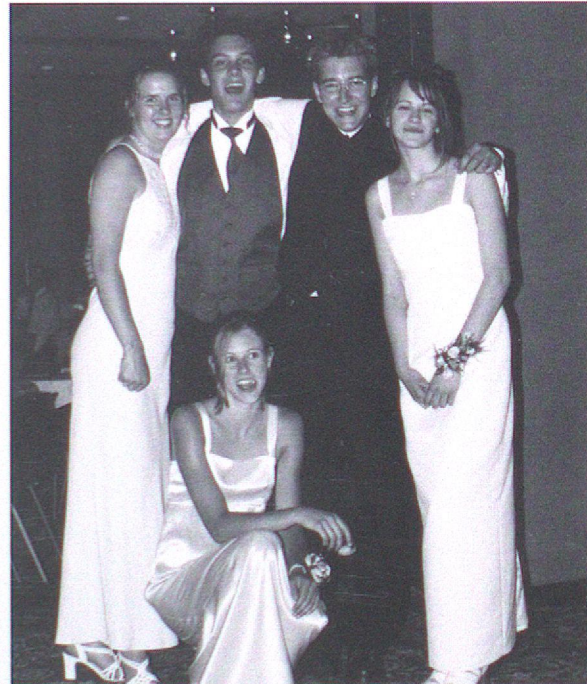

The Grad Committee consisted of approximately 20-30 grade twelve students. This committee made important decisions regarding graduation photos, the graduation dinner and dance and sweatshirts. Thank-you to those who attended regularly and put forth ideas. Grad was a success with thanks to administration, Mr. Humphrey, and the rest of the staff and students.
