PRINCIPAL'S
MESSAGE

"We only really learn what we teach ourselves."

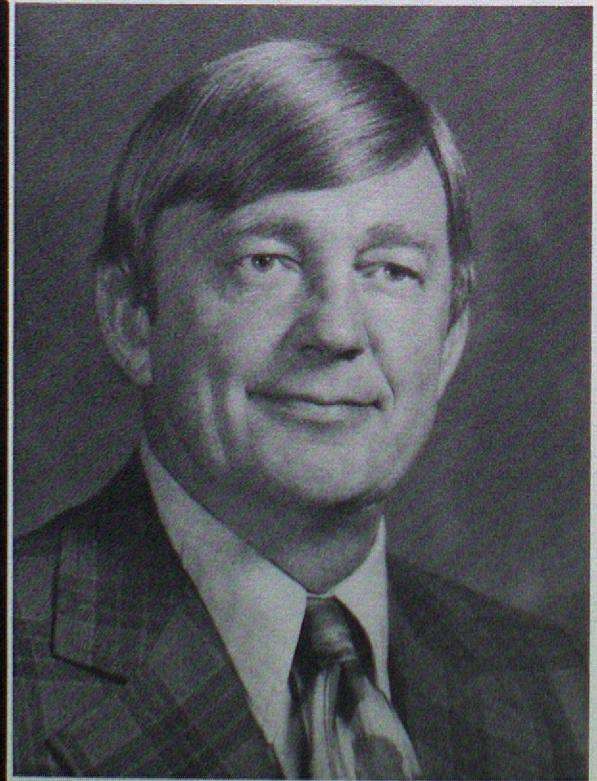

At Glenlawn Collegiate you the student were given a vast number of responsibilities. You were assigned tasks to perform in the courses you chose. You learned how to do these tasks at the appropriate times. The performance level you achieved may be a strong indicator of the manner in which you will perform future tasks.

You made decisions about your participation level in the classroom and in extracurricular activities at school. The participation level at which you operated may be a strong indicator of how you will participate in activities in the future.

Participation is related in many ways to performance. The degree of involvement in your activities may be a powerful indicator of your success in past and future endeavours.

Glenlawn Collegiate has tried to help you to learn about your actions and efforts in many situations. Reflect on these. Make the positive factors a part of your daily life style. Teach yourself success.

P. Derenchuk
Principal

In my yearbook message let me talk about DISCIPLINE, a subject which, after 18 years of soldiering, I know a little bit about.

I know that the topic will give cause to raised eyebrows for there are many conceptions (and many more misconceptions) about discipline. There are also several definitions. The one I like and propose for your consideration is: DISCIPLINE IS ORGANIZED UNSELFISHNESS.

Discipline may be imposed or it may generate from within the individual as self-discipline. Personally, I prefer the latter. Discipline can be exercised in matters large and small, in school and in life in general.

Exercising discipline means being on time for class: your selfish act of staying in bed those extra ten minutes, resulting in your late arrival, is discourteous to your teachers as well as to your fellow students, for you will disrupt the teaching and, more important, the learning process at that moment.

It means keeping quiet while someone else has the floor. You may be disinterested in the topic under discussion while OTHERS may want to learn. Give them that chance!

Exercising discipline means reflecting on your choice of words, least your selfish act of using intemperate language offends others. It also means attendance at assemblies and pep-rallies. The efforts of your fellow students in planning and preparing for these events should at least be rewarded with your attendance.

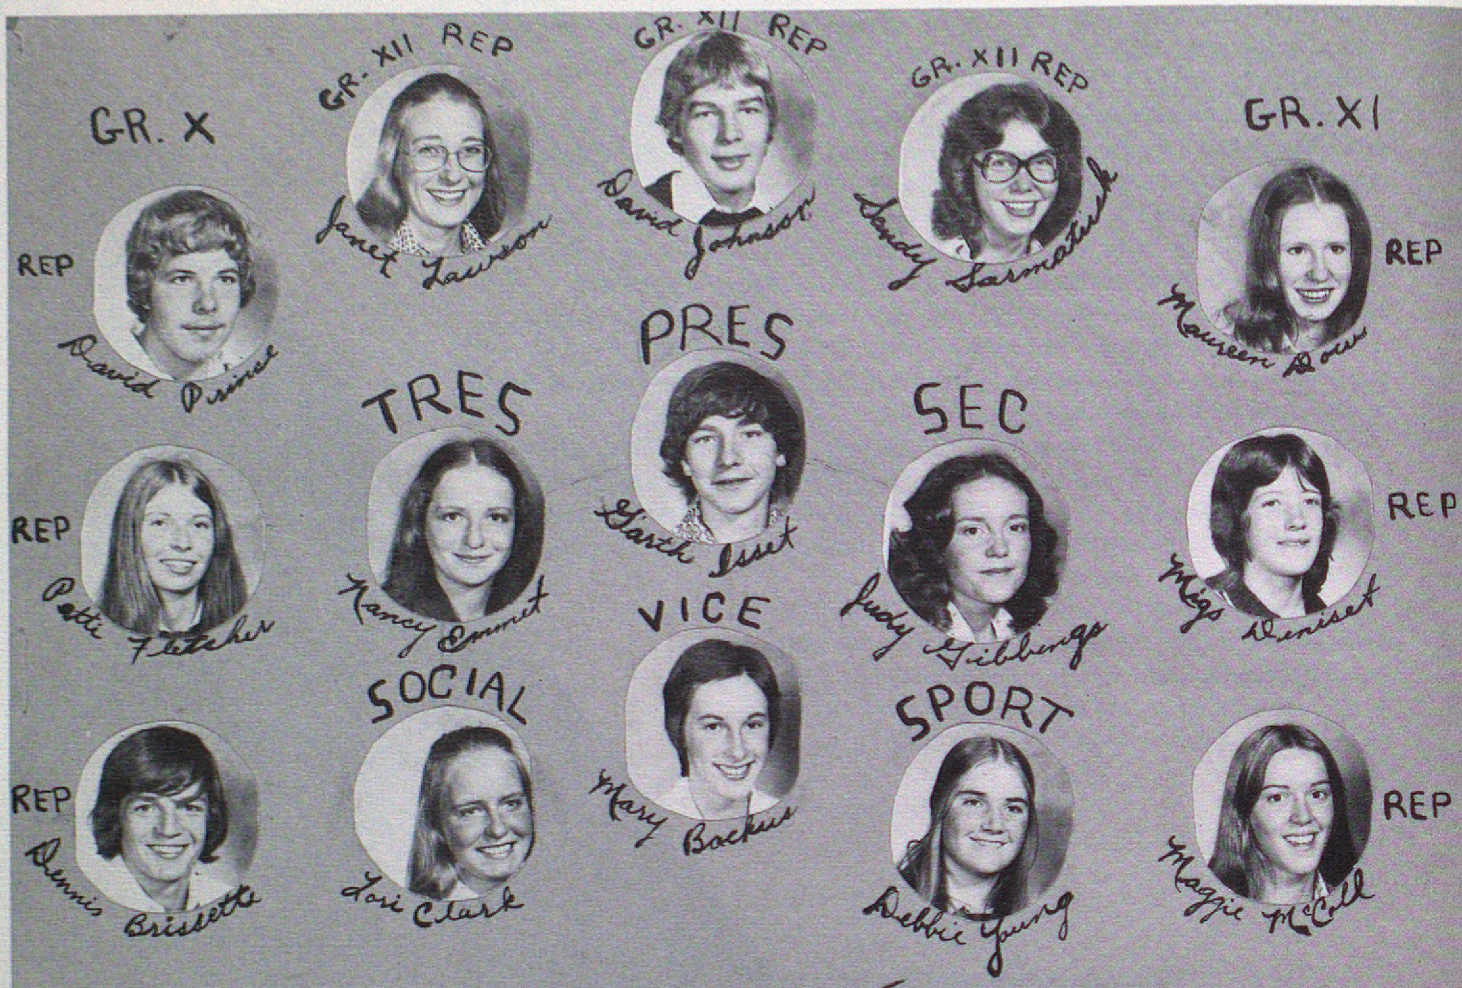

I could cite many more examples in and out of school, but space does not permit this. Let me close then with my belief, that we would live in a better world if all of us exercised discipline within the definition given above. We all have to start somewhere thus let there be more discipline at Glenlawn Collegiate.

G.W.F. Carsted

VICE-PRINCIPAL'S MESSAGE

STUDENT COUNCIL

PRESIDENT'S MESSAGE:

It has been an honour to serve in the capacity of Glenlawn's Student Council President for the past year. This year has seen the expansion of the school's facilities via the new wing. We also received and furnished our Student Lounge and Student Council Office. Many new institutions such as the Student Council Award, the Lion's Den, the Musical Drama Club, Miniversity, and self-timetabling have been adopted into G.C.I. Looking back one would have to admit that 1973-74 has been a successful as well as memorable year.

At this time I would personally like to thank a few people for their contributions during my term in office. Thanks to all the members of the Student Council for showing an active interest in school government. In particular I would like to thank Nancy Emmett, without whom many of our activities would have fallen through. My appreciation is also extended to the Pep Club which did such a great job this past year. Recognition and appreciation is also due all the staff members who served as club advisors and coaches during the year. Last, but certainly not least, thanks to the student body for their support in our endeavours. Without you nothing would have been possible.

I urge all students to become involved. At Glenlawn there are many and varied activities open to you as well as room to initiate your own. The rewards of involvement are manifold as I can vouch for first hand. Get out and see what you can do for your school.

To everyone and especially the Grads "Good Luck and Success in the Future."

-Garth Issett.

Mr. H. Mackie, Head

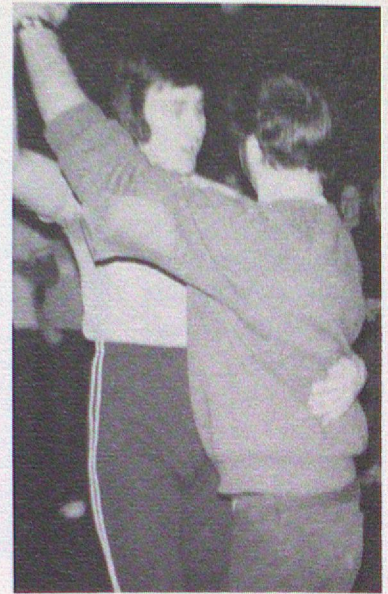

Our teachers are
unique...

Glenlawn wishes
Mr. Kuryk, who
recently retired
after 17 years of
teaching here, the
best of luck in the
future.

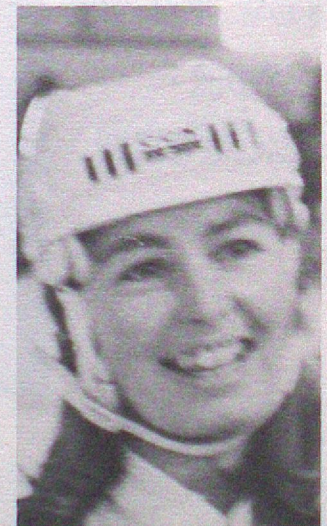

Now I know what they meant when they said they had to go to school to get "plastered."

Oh, really!!!

Come on, I'm a real bargain!

It was a good game!

I'll buy all of us our freedom!
